ADAMS IS LINKED DIRECTLY WITH 'JOB DEALS' BY WOMAN WHO CONTRIBUTED TO CAMPAIGN

WIFE OF SLAIN MAN AND NEGRO HELD AFTER INDICTMENT

Negro Is Brought to Fulton Jail for Safe Keeping Following Arrests in Columbus Late Thursday.

ACCUSED WOMAN IN MUSCOGEE JAIL

Man Was Fatally Shot After He Left Grocery Store on Night of February 7.

COLUMBUS, Ga., Feb. 23.—(AP)—Mrs. Ruth Gamble, widow of J. R. Gamble, who was shot and killed here today on charges of murder for the alleged slaying of the woman's husband.

The arrests were made following indictments brought by the Muscogee county grand jury charging them with the slaying of Gamble.

W. D. Layfield, Muscogee county jailer, said he had Mrs. Gamble in custody and that he "understood" Hunt had been taken to another jail.

Layfield said Mrs. Gamble was arrested today and brought to jail, where she has refused to make any statement. She is the mother of two boys, about 6 and 8 years old. She is 36 years old and, according to Layfield, a member of a well-known Georgia family.

She had been conducting the grocery business since the night her husband was shot.

Layfield said Gamble was shot as he left the grocery store. The Gamble residence is next door to the store and Gamble generally went from his store to the residence from the rear of the store, where he was found fatally wounded.

Three negroes have been under arrest as suspects, and Layfield said he had "on several occasions" had a negro by the name of Andrew Hunt in jail charged with misdemeanors.

The Muscogee county superior court is now in session, but Layfield said he did not know if the case of Mrs. Gamble and the negro would come up at this time. He said he had not heard of any attempt to have Mrs. Gamble released on bond.

Andrew Hunt, negro, was brought to the Fulton county tower here late Thursday for safekeeping. The negro was driven from Columbus by Sheriff C. C. Layfield, who immediately returned to the Muscogee county capital.

'Chaufferized' Thugs Get \$24,000 at Bank

HOPE, Ark., Feb. 23.—(AP)—The First National Bank of Hope was held up and robbed of \$24,000 late today by three unmasked white men who fled in an automobile driven by a negro chauffeur.

Free Trips to Washington In Jig-Saw Puzzle Pieces

As announced Tuesday, The Atlanta Constitution, in co-operation with leading Atlanta merchants, will give two free trips to the inauguration.

These trips will be awarded to the contestant who sends in the nearest, most accurate and most unique jig-saw puzzle, using the pieces in various advertisements in today's issue, and complying with the conditions in paragraphs 3 and 4 printed in this announcement.

The winner may invite any person he or she wishes to accompany them on the trip, with all expenses paid for both. In several of the advertisements a piece of the jig-saw puzzle is used. Clip these out carefully, and then get the rest of the pieces from the announcement advertisement on page 13. After you have clipped them all, you should have a total of 39 pieces.

A good quality of mullage or paste should be used, and all the pieces should be pasted on a medium or heavy piece of cardboard. The winner will be announced in The Constitution next Wednesday morning. The rules of the contest are simple, but should be adhered to closely.

Read each and every advertisement carefully, and above all be sure that you have clipped all 39 pieces of the puzzle. Then follow the rules with a sheet of reasonably stiff material.

JAPANESE DRIVE ON IN EARNEST; WORLD IS ADVISED

Armies of Manchukuo and Japan Driving Into Jehol; Ultimatum Sent and Rejected.

By the Associated Press.
The big Japanese drive to conquer the province of Jehol is under way. Despite a heavy snowstorm and temperatures running around 10 degrees below zero, Fahrenheit, two columns of troops began the advance on the northeastern boundary of the province Thursday.

One of these columns, composed of the sixth Japanese infantry division and the fourth cavalry brigade, set out from Tungkiao, which is about 45 miles from the Jehol border in Manchuria.

The other column of troops of the government of Manchukuo, moved on the northeastern Jehol frontier behind a screen of cavalrymen, a Changchun dispatch said.

Through her diplomats in the world's capital, Japan has informed the great powers that she intends to wrest the province of Jehol from China and add it to Manchukuo, but that she has no intention of advancing south of the Great Wall into China proper unless there is provocation by the Chinese.

This information was conveyed to Secretary of State Stimson at Washington.

\$315,419,000 Voted For Navy by House

WASHINGTON, Feb. 23.—(AP)—The last annual supply which the house had to approve this session—that allowing \$315,419,000 for the navy in the next fiscal year—was passed late today by the house and sent to the senate.

The measure, which, if passed by the senate, would increase the cost limit of the aircraft carrier Ranger, now being built, from \$19,000,000 to \$21,000,000, and let the navy spend \$35,345,000 for new ship construction.

DOUGLAS CHOSEN BUDGET DIRECTOR; DEERN IN CABINET

Congressman Named as Key Man in Roosevelt's Contemplated Attack on Federal Expenditures.

PROFESSOR IS SEEN AS AID FOR HULL

WASHINGTON, Feb. 23.—(UP)—Professor Raymond Moley, adviser to President-elect Roosevelt on economic and political matters, has been named assistant secretary of state in the new cabinet, it was reported in informed quarters here tonight.

Moley is on the staff of Columbia University.

He attended recent conferences between President-elect Roosevelt and President Hoover concerning war debts. It is reported his work at the state department will be centered largely on this controversial problem.

By FRANCIS M. STEPHENSON.
ALBANY, N. Y., Feb. 23.—(AP)—President-elect Roosevelt speeded up his reorganization program today with the announcement that Representative Lewis Douglas, of Arizona, is to be his budget director.

As he announced Douglas' selection and said he was already at work, the president-elect also formally announced the name of his secretary of war—George H. Dern, of Utah, as definitely stated in Associated Press dispatches yesterday. It was learned in authoritative circles in Washington that Mr. Roosevelt would fill another important post with appointment of Judge Robert W. Bingham, Louisville, publisher of the Southern Courier, as ambassador to London.

Mr. Roosevelt intends to make one of the most sweeping and slashing reorganizations of government attempted in recent history.

He disclosed that Douglas is now working at Washington with Swager Sherley, of Kentucky, and Daniel C. Hooper, of South Carolina, in the preparation of reorganization data. Hooper is regarded definitely as the secretary of commerce in the Roosevelt cabinet.

His preliminary reports have been received so far but he expects to have a program in shape for submission to the extra session of the new congress.

Contractor Is Found Dead of Pistol Shot

George B. Graves, 50-year-old Warrenton (Ga.) contractor, was found dead in his room at the Leaning Tower hotel, 551 Ponce de Leon avenue, late Thursday afternoon, a bullet wound through his head and a pistol clutched in his hand.

Graves' body was discovered by a negro maid who went to the room to clean it for the day. He was slumped over in the bathroom, head leaning against the bathroom wall. The pistol, a .32 caliber, had been discharged, and the bullet had penetrated the right temple and ranged upward.

At Warrenton it was said Graves had been living there for the past five or six years and originally came from near Atlanta. He is survived by his wife and one child about 5 years old. Funeral arrangements will be in charge of J. Austin Dillon Company.

Payment of Teachers Withheld by Mayor

Key Refuses Salary Fund Until Board of Education Adopts Acceptable Budget for Schools.

By HERMAN D. HANCOCK.

Further salary payments to Atlanta school teachers were barred Thursday afternoon by Mayor James L. Key until an acceptable budget has been adopted by the board of education for the year.

Key's action followed a joint meeting of the board of education and council members at which a joint committee was selected to work out a uniform salary cut for all employees and came on the heels of an acrimonious clash between Key and Dr. Noah W. Baird, president of the board.

The Key-Baird setto occurred in the executive suite and was heard by Alvin G. Everett, Millican, and Ed A. Gilliam, Councilman G. Dan Bridges and George W. Powell, chairman of the current expenditures committee of the board, and Thomas W. Clift, school business manager.

It occurred after an amicable meeting between council and board members through which Key sat for the most part without saying anything. Baird, Powell and Clift entered the executive office.

"Mr. Mayor, we have come to get some money," Baird said in entering the room.

"What money?" Key asked.

"Money to pay the back salaries of school employees," Baird explained.

"That cannot be had until a budget is adopted by the school department," Key countered. "We cannot borrow money to pay them."

"I cannot see how you take such a position unless you have some ulterior motive," Baird declared.

"If you come into this office to make any such insinuations, I do not want you here," Key countered with force. "If you do not like such statements, do not come into this office again and make such an assertion."

Baird retired from the fray and Powell explained that they were seeking the new rolls for the maintenance department for the earlier part of February. Key said he did not see why that pay roll could not be met, but that there would be no salaries for school teachers until a budget from the school department has been approved.

Baird then attempted to explain his assertion, and Key told him the matter was over and he did not wish to reopen it.

"I think you owe me as much of an apology as I owe you," Baird countered with vehemence. "I think we are all square. I am willing to shake hands and forget it."

"Let's just forget it," Key said in closing the episode.

Well, Ira Harrelson and S. C. Noland were named by Baird as the board's representatives and Gilliam, Bridges and Millican will represent the council finance committee. B.

BUT TAMPERING PROBE IS ORDERED BY HOUSE GROUP

Charges Made to Committee That Farm Board Abolition Measure Willfully Mutilated.

Charges involving alleged substitution of a bogus, abortive bill for the original house bill No. 280 abolishing the state department of agriculture, were made Thursday night at a meeting of general judiciary committee No. 2 of the house and were referred to a committee for a thorough investigation with a view to establishing the identity of the perpetrators.

Members of the committee, considering the bill at the Henry Grady hotel were startled by the statement of friends of the bill that the measure, taken temporarily from the house for the purpose of being copied, was "lost" and another paper made up to resemble the real bill, was palmed off as the bill introduced by Representative Ellis Arnall and Stonewall Dyer, of Georgia.

The bogus bill, members of the committee were told, was so drawn that an entire section of the original measure was dropped and technical provisions for the repeal of certain laws were so altered as to render the bill useless and void if enacted. Preliminary investigation resulted in an absolute refusal for everyone connected with the house in an official capacity, and it is believed that an "outsider" was responsible for the bill tampering, the committee was told.

The committee, after hearing a thorough discussion of the matter, voted for the appointment of an investigating committee, and Chairman D. S. Strickland, of Douglas, appointed Representative Dyer, of Georgia, and Representative Dyer, of Georgia, to ferret out the facts connected with the alleged substitution.

Representative Dyer said that he will address the house on the matter this morning, and will seek to have a duplicate of the original bill established as the bill.

The committee, after hearing Commissioner of Agriculture G. C. Adams and heads of the various divisions of the department defend the original bill, voted to report to the house the facts connected with the alleged substitution.

Representative Dyer said that he will address the house on the matter this morning, and will seek to have a duplicate of the original bill established as the bill.

Nebraskan Assails Eight Banks in Interlocking Directorate 'Lecture.'

WASHINGTON, Feb. 23.—(AP)—With long-pointed finger and a huge chart labeled the "Spider Web of Wall Street" as his subject, graduated Senator Norris assailed eight large New York banks for what he termed their vice-like grip on trade and industry through a web of directorships.

As the veteran chairman of the judiciary committee stoutly assailed the eight banks, he pointed to the chart and said that he had lectured his colleagues on interlocking directorates.

Disclaiming any "aggression" or "sensationalism," the former Kentucky judge said his plan would "destroy all incentive to take from the public more and more money out of the pockets of the public."

"We are just slaves at the mercy of this money trust," said Norris as he pointed to the chart and said that he had lectured his colleagues on interlocking directorates.

"I am opposed to levying any sales tax on the house ways and means committee as the only way to answer the 'thug and cry in Georgia' for a new tax deal.

Bankers' Efforts TO CONTROL TREND OF STOCK BARED

"Short Sales" in Own Securities Were Part of National City's Check on Market.

By NATHAN ROBERTSON.
WASHINGTON, Feb. 23.—(AP)—Testimony that the National City Company undertook to control the market in stock of its parent, the National City Bank, and at times was selling short in that stock, was presented today to the senate banking committee.

Although company officials maintained under cross-examination that the short selling was only "technical," the evidence drew from Chairman Norbeck the charge that in effect the bank was selling its own stock short.

Hugh B. Baker, bald-headed, soft-spoken president of the bank's security affiliate, sparred with the committee all day long over the question of whether the company actually was selling short in the bank's stock, but testified readily to efforts to control the market.

"Did the company ever seek to control the market in the bank stock?" Ferdinand Pecora, committee counsel, asked.

"No," Baker replied, "except when the market seemed to be moving too fast in one way or the other, and then we would undertake to do it. Pecora later introduced evidence that the company gave an option which was exercised on 32,000 shares of the stock to Dominick & Dominick, New York brokers, at prices well below the market and contended it was a trading account. Baker denied this, saying he had an understanding the stock was to be handled for investment accounts.

The square-jawed committee counsel asserted that in April, 1929, the company was short 25,000 shares in the bank stock at the same time it was engaged in what he called an "intensive campaign" to sell the stock to the public as an investment.

Baker agreed that during April and

Atlanta Widow Paid \$50, Later Visited Adams, Who Acknowledged Transaction, Committee Is Told; Adams Silent.

INDORSED CHECKS SHOWN AS PROOF

W. C. McLendon Named as Man Who Accepted Checks From Witness. Three Others Testify.

By L. A. FARRELL.
The first testimony tending definitely to link Commissioner of Agriculture G. C. Adams with alleged job-selling in his department, inquiry into which has already resulted in Adams' dismissal of J. W. Rountree, his former campaign manager, as director of the bureau of markets, was presented Thursday to the Sisk investigating committee.

The testimony was offered by Mrs. C. H. Terry, an Atlanta widow, who said she contributed \$50 to the Adams campaign through checks to W. C. McLendon, the checks being indorsed by McLendon and cashed by Adams. Mrs. Terry said she gave the money after making an agreement with McLendon that her daughter was to get a job in the department of agriculture if Adams was elected.

She said she conferred with Adams since his installation as commissioner, and that although he confirmed the agreement he has not yet employed the daughter. McLendon was associated with the Adams campaign as assistant manager.

Visited By McLendon.
Asked by Senator J. T. Sisk, of Elberton, chairman of the investigating committee, if she gave the \$50 as a result of the agreement to place her daughter in the department, Mrs. Terry replied:

"Well, I think I would have been very foolish if I had turned loose \$50 if I hadn't thought she would get a job."

The woman testified that a fellow worker in downtown office told her in August of last year that McLendon, a friend of the fellow worker, was associated in the Adams campaign. The unnamed friend, Mrs. Terry said, told her that if she was willing to contribute something to the campaign, her daughter would get a job in the event that Adams was elected.

"In a day or two Mr. McLendon came to my office and said he was working with Mr. Adams," Mrs. Terry said. "He said that if I gave them something for their campaign fund my daughter would get a job if Adams was elected."

Says Adams Promised Job.
"Did McLendon suggest any amount he wanted you to give?" Senator Sisk asked.

"He said \$50 would be a satisfactory amount," Mrs. Terry said.

COL. W. W. FORSYTH, 76, DIES IN WASHINGTON

Native Atlantan Will Be Buried in Arlington National Cemetery.

WASHINGTON, Feb. 23.—(AP)—Colonel William W. Forsyth, United States army, retired, died early today at his home in Lexington, Va., after a long illness.

Colonel Forsyth, who was 70, had suffered from a heart ailment for some time. He had been acutely ill, however, for about six months.

Born in Atlanta on August 31, 1864, he was graduated from the United States Military Academy in 1882, becoming a first lieutenant seven years later. He attained the rank of colonel on July 1, 1916, and was retired less than a year later, at the age of 60.

During his 35 years in the army, he served in virtually all parts of the world, including China, where he participated in the action against the Boxer rebellion. At one time he taught French at West Point. When he was retired, on May 22, 1917, he was with the 6th cavalry.

Following his retirement he went to Lexington, where he has maintained a residence since 1919. His wife died about two years ago.

He is survived by three daughters, Mrs. E. R. W. McCabe, whose husband formerly was military attaché at Rome; Mrs. John Keyes, also the wife of a colonel in the army, and Mrs. William M. Garrison, wife of a captain. A brother, Arthur Forsyth, of Atlanta, also survives.

Colonel Forsyth will be buried with military honors in Arlington tomorrow.

Suicide Theory Is Assailed In Death of John R. Fell

PHILADELPHIA, Feb. 23.—(AP)—Relatives of John R. Fell, millionaire Philadelphia and New York sportsman, found stabbed to death in Java, in the absence of more details today expressed doubt that he had killed himself.

Fell, who was widely known as a polo player and horseman, was stabbed in a hotel at Surakarta in Java, his wife, the former Martha Ederton, an actress whom he married last year, was with him.

Dispatches from Java quoted local police as saying that Fell's last words were "It's my fault. I did it."

Police, in reconstructing what occurred, said that Mrs. Fell was in the hotel room with him and was standing near a washstand with her back toward her husband. He was sitting in a chair, and then saw a knife sticking in his breast. She withdrew the knife and called for help. One of the guests, according to the police report, entered the room in time to hear Fell say he did it himself.

Alexander Van Rensselaer, stepfather of Fell, at his home in "Camp Hill Hall," Fort Washington, Pa., today expressed doubt that he had committed suicide.

He said "Mr. Fell was not the kind of a man to take his own life. He was not a quitter, as his friends know."

Radcliffe Cheston Jr., of "Sandy Run," Orland, Pa., brother-in-law of Fell, declared that Fell was too happy to have committed suicide.

Cheston, his wife and other relatives are wintering on their plantation near Georgetown, S. C.

Told that the stepfather had said he was not the kind of a man to end his life, Cheston said: "I agree with that absolutely. I had a letter from him just a short time ago, in which he said how happy he was. We expect to learn details of his death by cable, but we know little now."

Fell and his wife left Marcellus, France, for a tour of the far east about a month ago.

He is nephew of Anthony J. Drexel, grandson of the founder of the banking firm of Drexel & Co. of Philadelphia, New York, London and Paris, which is associated with J. P. Morgan & Co. of New York.

Social circles here were stirred today by the news of his death.

Anthony J. Drexel, who sent word here yesterday that he had received an unsigned radiogram stating that Fell had died in a hotel, today sent word from Colombo, Ceylon, that he had requested the American consul at Batavia to look after the interests of the family. It is understood that Mrs. Fell had been on his way to Batavia and his wife in their tour.

Fell's first wife was Dorothy Randolph. She is now the wife of Orden L. Mills, secretary of the treasury. They had two sons and a daughter. His second wife was Mildred Santry. They were divorced in 1931. His present wife was his third.

BRITISH SEAMAN FINDS NEW ISLAND IN PACIFIC OCEAN

SAN PEDRO, Cal., Feb. 23.—(AP)—A report of a new island in the mid-Pacific was announced here Wednesday by the navy hydrographic office.

The report was made by Captain L. G. Richardson, of the British motorship Silverbeech.

"On February 11," he reported, "at 12:46 a. m., latitude 31.28 north, longitude 153.33 east, sighted small island about 15 feet high and a half a mile long, with a fixed white light in the middle."

Charts of the area show this location as deep water south and east of the main group of Japanese islands. The nearest charted land is Marcus Island, Japanese possession, 400 miles distant.

Captain Richardson suggested the new island is of volcanic origin, thrown up by some subterranean disturbance. He attributed the light to some Japanese fisherman or native from a distant island having moved on the new land.

ELDER BOETTCHER PLEDGES PAYMENT OF KIDNAP RANSOM

DENVER, Feb. 23.—(AP)—A nervous, multi-millionaire, Claude K. Boettcher, father of kidnapped Charles Boettcher II, threw the power of his millions today behind his personal promise to pay the demanded \$500,000 ransom on condition his son be returned to him unharmed by midnight next Saturday.

Failure of the abductors of the 31-year-old investment broker to accept the pledge and release him by the midnight deadline, Boettcher said, will result in withdrawal of all previous offers and the instigation of "such action as may then seem advisable."

While the father prepared his third signed statement to the kidnappers since young Boettcher was abducted the night of February 12, two city detectives, Harry Blair and Dave Chaven, sped by airplane to Sidney, Neb., to aid authorities there in investigation of a "mystery house" where Boettcher may have been held captive.

NATIVE OF ATLANTA DIES IN N. CAROLINA

RANFORD, N. C., Feb. 23.—(AP)—Lieutenant Colonel William D. Harris, 38, former vice president of the defunct Central Securities Company of Asheville, and former head of the state department of conservation and development, shot himself to death at the home of his stepmother, Mrs. Eliza Moore Harris, at Jonesboro, near here today.

Coroner J. F. Foster said no inquest was necessary and that notes left by Harris "made it perfectly clear" that he shot himself because he was disappointed over his inability to secure employment.

Harris was born in Atlanta, Ga., October 3, 1896. He attended the college of William and Mary and the University of North Carolina.

DYNAMITE IS FOUND IN WELLAND CANAL

ST. CATHARINE'S, Ontario, Feb. 23.—(AP)—Thirty-six sticks of dynamite were discovered on the bank of the Welland ship canal today. Police believed the discovery frustrated an attempt to blow up the canal.

Singer Throws Self Under Trolley Wheels

CHICAGO, Feb. 23.—(AP)—Augusta Lenka, 51, who once sang before Chicago grand opera patrons and more recently to church congregations, today was recovering from bruises suffered when she threw herself in front of a street car.

Police said she admitted she attempted to end her life—had spent yesterday trying to steel herself to the ordeal. She had gone to Lake Michigan, police quoted her as saying, but the "water looked too cold."

Madame Lenka was pinned beneath the front of the street car and it required a fire department squad to extricate her. The motorist of the car said she had darted suddenly, into his path and apparently tried to fall beneath the wheels.

CAROLINA SENATE ASKS 'RING' FACTS

Member Asked To Prove State Ruled by "State House Group."

COLUMBIA, S. C., Feb. 23.—(AP)—After hectic debate, the South Carolina senate today adopted a resolution calling on Cooke, of Horry, to furnish proof "within four weeks" of his claim that a "state house ring" rules South Carolina.

While awaiting the appropriation bill from the house, the senate had another round of the argument, which began two days ago, over Cooke's charges. Cooke diverged today to make the assertion that the 1932 democratic

convention was "in the hand of power companies."

As Jefferies, of Colleton, author of the resolution calling for proof, defended state officials the Horry senator said were involved in the alleged "ring," Cooke said he would substantiate his claims or "make an apology."

The 15-month appropriation bill of approximately \$2,186,000, passed by the house yesterday, was delayed in reaching the senate by clerical details. Representatives Belk and Bowen, of Kershaw, launched a new "economy" move by offering a resolution to cut all its items 10 per cent. The resolution was sent to the ways and means committee.

With the appropriation problem off its hands, temporarily at least, the house passed on second reading a senate bill to postpone 1932 property tax payments until June 1 with a 2 per cent penalty instead of the normal 7 per cent.

The house moved to aid textile workers passing 101 to 2, on second reading a bill to prohibit "docking" operatives for defects in goods they produced. Gunter, of Cherokee, a mill resident, who is author of the bill, said the "stretch-out" system was

Parnell Condemnation Expunged in Arkansas

LITTLE ROCK, Ark., Feb. 23.—(AP)—The Arkansas house today expunged from its records a resolution adopted last Monday memorializing President-elect Roosevelt not to appoint former Governor Harvey Parnell as United States internal revenue collector for Arkansas. The vote to expunge the resolution was 64 to 20.

The anti-Parnell resolution was passed by a viva voce vote. Representative Bohlinger, of Yell, who said he was "both a personal and political enemy of Mr. Parnell," declared "it doesn't take the bravest dog in the pack to bay the lion after he's dead, and my people did not send me here to make this a political forum."

partly to blame for flaws in manufactured cloth.

Without debate, the house gave second reading approval to a senate measure to extend 1932 property tax payments to June 1 with a 2 per cent penalty instead of the normal 7 per cent. Another reading will send the measure to the governor for his signature.

M'ADOO LEVELS FIRE ON BANKING SYSTEM

Californian Urges National Deposit Guarantee System.

LOS ANGELES, Feb. 23.—(AP)—A plan to put the national government behind every dollar deposited in banks as a guarantee against losses is advanced by William Gibbs McAdoo, United States senator-elect from California.

Speaking before an eminent group of Pacific coast industrialists here last night the former secretary of the treasury proposed to create a new federal banking system which would eliminate the 49 banking systems now in vogue.

"If favor, if necessary," he said, "a constitutional amendment that would put the sole power over banks in the United States into the hands of the federal government."

It may be possible, he added, to achieve this objective without enacting a constitutional amendment, but there must be legislation, he said, which will reorganize the banking system so it will be "safe for a man or woman to put money in a bank and be able to get it out when necessary."

Describing the credit structure of the United States as a "disastrous failure," McAdoo said he knew nothing "worse in the whole world than the American banking system."

Big Bethel Choir.
The Big Bethel church choir will give a concert at 8:15 o'clock tonight at the church at Butler street and Auburn avenue, giving a program of spirituals and old-time melodies. The choir is one of the best-known organizations of its kind in Georgia.

The United States as a "disastrous failure," McAdoo said he knew nothing "worse in the whole world than the American banking system."

List of Jig-Saw Puzzle Prizes Is Announced in Latest Contest

By THE JIG-SAW EDITOR.
Again this week you jig-saw fans have the judges a hard task of selecting the winners. The quality was not as heavy, due largely to the fact that the East Lake puzzle was considerably harder than the two previous jig-saws. But the quality of the work more than made up for it.

Beautiful, indeed, were some of the puzzles, and in neatness the contestants outdid themselves over former efforts. One of the prize winners took the fancy of the judges, as with a cut-out of Bobby Jones, and the Ace of Clubs from a deck of playing cards. Most of the answers overlooked the fact that East Lake was Bobby's home course. Many answers did have pictures of the "emperor" of golf, and others beautifully colored and with novel borders were received.

After careful consideration, the judges announced their decision, which I am giving you herewith:

First prize, \$5—Ethel Toney, 770 Dill avenue, S. W.

Second prize, \$3—Mrs. Robert Argo, 1045 Glenwood avenue, S. E.
Third prize, \$2—Mrs. M. A. Webb, 919 Greenwood avenue, N. E.
The following were each awarded a pair of tickets to Loew's Grand theater: Mrs. Wallace Rogers, 170 Waverly way, N. E.; Misses Evelyn and Doris Griner, 272 Central place, S. E.; Douglas L. Carter, 209 Elizabeth lane, East Point, Ga.; Mrs. E. L. Dietz, 307 Peachtree street; Mrs. John B. Gordon, 1788 Howell Mill road; Mrs. A. P. Stewart, 834 Oak street, S. W.; Howard Norton, 427 Boulevard, N. E.; Katherine Knebel, 528 Hurt building; Bobby Still, Conyers, Ga.; Mrs. Ethel Hamm, 224 Merritts avenue, N. E.; Mrs. E. H. Russell, 1043 Clifton road; Thomas A. Kemp Jr., 217 Palmer building.

Prizes will be mailed to the winners Saturday.

And now all of you fans get ready for next Sunday's puzzle. It will be a good one. Not as difficult as last Sunday's, but one that will appeal to your artistic sense. Get ready for it and be sure that your name is on it, and also that it is received on time. This week some 15 or 20 were received after closing time. Remember, the "dead line" is noon next Thursday. Come on jig-sawers, show me under—and I'll see you next Friday....

Police Seek Assailant Of Tech High Student

Atlanta detectives Thursday night were investigating two mysterious shots fired at J. H. Aldridge, 17, Tech High student, living at 253 Ninth street, N. E.

Aldridge told police he was driving his car out Ponce de Leon to Decatur with Miss Eva Hazelrigg, 18, of 119 Montgomery street, on the way to the young woman's home, when a blue sedan pulled alongside and a rifle shot shattered the windshield of his automobile.

Returning from Decatur, accompanied by Frank Guest, 17, Tech dormitory student, Aldridge said that the same car drove alongside and that this time two shots were fired from a rifle—one of which punctured a tire and the other grazing his arm.

According to the story Aldridge told police, a man was at the wheel of the blue sedan, while it contained several other occupants.

DR. BONTA ADDRESSES ATLANTA AD MEN

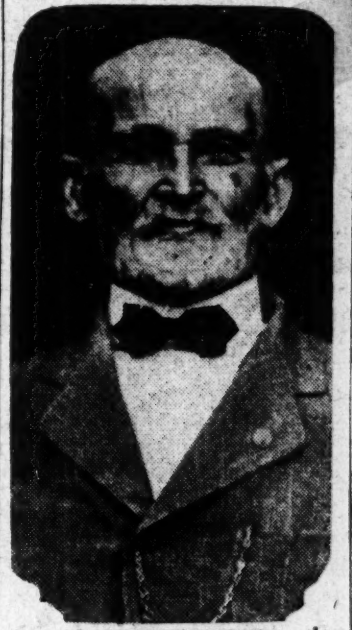

Dr. C. L. Bonta, Atlanta druggist, was guest speaker at Thursday's luncheon meeting of the Atlanta Advertising Club at the Ansley hotel. His subject was "Something to Think About—Science or Custom?"

His talk was based on observations he had made during his 23 years in the drug business.

LAST G. A. R. VETERAN IN ATLANTA PASSES

Charles Deckner, Pioneer
Atlantan, To Be Buried
Today.

Charles Deckner, last man of the "Last Man Club," died Thursday morning at his residence at 1488 Stewart avenue, S. W., at the age of 89. Mr. Deckner, a pioneer Atlantan, was the last member of the club formed here by veterans of the

CHARLES DECKNER.

Grand Army of the Republic following the War Between the States.

Born in Wisconsin, Mr. Deckner served through the Civil War on the northern side and came to Atlanta soon afterward with his father. He was a pioneer settler in the Capitol View section and Deckner street is named for him. A short time after the war, Mr. Deckner and 24 other veterans of the northern army formed the O. M. Mitchell Chapter of the G. A. R., of which he was the last member.

He is survived by four sons, Ed G. Deckner, councilman from the Tenth ward; W. B. Deckner, Atlanta landscape gardener; Carl H. Deckner and A. T. Deckner; two daughters, Mrs. A. F. Miller and Mrs. Gussie Bethen, of Atlanta; a brother, J. J. Deckner; and two sisters, Mrs. S. B. LaSalle and Mrs. Theresa Allen, of Pilot Knob, Mo.

Funeral services will be held at 3 o'clock this afternoon at the Capitol View Methodist church. The Rev. W. J. DeBardeleben, Dr. Witherspoon Dodge and Dr. W. T. McElveen will officiate and interment will be in Mount Zion cemetery. Sam Greenberg & Co., are in charge.

TALMADGE FOREGOES FLORIDA FISHING TRIP

Governor Eugene Talmadge announced Thursday that because of pressing executive duties he would be unable to accept the invitation of Governor Dave Sholtz, of Florida, to be a guest on a fishing party off the west Florida coast Saturday and Sunday.

The governor had previously accepted and had planned to fly to Tallahassee Saturday morning and to return by air Monday morning.

LARGE ESTATE LEFT BY MRS. SALLIE GAY

Indentures of Trust Provide
Six Equal Divisions to
Children.

The will of the late Mrs. Sallie Ewell Gay was filed for probate Thursday with the ordinary of Fulton county. The estate, which is said to be a large one, is for the major part real estate and is equally divided among her children.

The will was drawn on October 23, 1931, and names the First National bank, the Fulton National bank and Edward S. Gay, a son, as executors. The will set out that these three trustees are to take in trust the estate after debts are paid and dispose of it under the terms of indentures of trust executed at the time the will was drawn.

Records in the clerk's office show that these indentures make it mandatory for the executors to divide the estate into six equal parts, these allotments to be given to her four daughters, Mrs. Catherine G. Sanders, Mrs. Douglas G. Paine, Mrs. Louise G. Somerville and Mrs. Ethel G. Kuzig; to the son, Edward S. Gay; and to Adgate Ellis Gay, widow of the deceased's late son, Ewell. It is set out that, in the event of a marriage or death of Mrs. Gay, the share of the estate, which is held in trust, will go for the benefit of her children, William Ellis Gay, Ewell Gay Jr. and Frank Gay.

The estate includes real estate in

the downtown section and on Briar-cliff road.

CAROLINAN TO PRESIDE AT TRIAL OF DAVIS
NEW YORK, Feb. 23.—United States Attorney George Z. Medaris announced today that a North Carolina judge would come here to preside at the trial of United States Senator James J. Davis of Pennsylvania, and others scheduled to begin Monday.

The jurist is Johnson Jay Hayes, of Greensboro, N. C., who was appointed a federal judge by President Coolidge in 1927. The crowded condition of the local courts was given as the reason for bringing Judge Hayes.

Men Judge your Loveliness in this Eternal BEAUTY CONTEST

THE OTHER GIRL

ANY TWO women can bring about a Beauty Contest. In the presence of men, each desires to be more lovely, more attractive than her rival.

For romance is the prize of this great Beauty Contest. And life is thrilling, if you win. But how dull and dreary life can be for the girls who lose because their skins are drab!

"HER SKIN IS LOVELY!"

Perhaps you cannot boast of classic features or a perfect figure. Yet your complexion can be shell-like in its beauty with the gentle aid of that mildest of beauty soaps—Camay, the Soap of Beautiful Women.

One month with Camay can show a wonderful improvement in your skin. For Camay is pure—creamy-white—safe for the feminine skin. A finer beauty soap was never made.

Never in your lifetime has a beauty soap of Camay's exquisite quality been priced so low. Get a dozen cakes today!

CAMAY THE SOAP OF BEAUTIFUL WOMEN

You'll have a pleasant surprise when you

BAKE

It's the superior grain-ingredient that has made Ballard's Obelisk Flour the standard of the South for over 50 years. For only the choice plump grains of selected soft wheat are milled for this flour. And only this superior grain-ingredient can produce the white, tender bakings that are made with Obelisk. You will find this flour easy to use—it requires less kneading. It is economical—it requires less shortening, and keeps bakings fresh longer. Successful—it makes breads and biscuits lighter, cakes finer, pastries flakier! You couldn't buy a finer flour at any price. Grocers everywhere sell it. Ask for it by name. Look for the famous Obelisk trade-mark on every package.

KITCHEN TESTED RECIPES

FREE—TWO GENERAL FOODS COOK BOOKS—FREE

Again this week I am offering two prizes, each a General Foods Cook Book. This cook book is truly a gem for any kitchen. Three hundred and seventy pages filled with delicious and tempting recipes, menus and household hints. Over 600 recipes and here's how you may win one of these cook books.

RULES OF CONTEST.

The two prizes will be awarded this week for the best pie recipe. Recipes must be addressed to Sally Saver, care of The Constitution. They must be received before Thursday noon, March 2. That's all—so now send in your recipes. Tell your friends, as this prize is one worth winning. Let's go, "sisters of the skillet."

And here are the two prize winners of last week, each of whom will be mailed a cook book, as their reward for the best cake recipes, given below.

FEATHERWEIGHT CAKE.

Three and one-half cups flour, 2 cups sugar, 3-4 cup butter, 3 teaspoons baking powder, 3 whole eggs, 1 cup sweet milk, 1-2 teaspoon vanilla, 1-2 teaspoon almond extract.
Cream butter and sugar, add egg yolks, mix baking powder in flour, add to mixture, alternating milk and flour; add flavoring, then fold in stiffly beaten egg whites. Bake in loaf pan.

Icing.

Two and one-half cups sugar, 1 cup milk, 4 squares chocolate, 2 teaspoons butter.
Boil sugar, milk and chocolate to soft-ball stage, then add butter and beat until light consistency to spread—add 1 cup chopped nuts.

MRS. S. L. WHITSON, 600 Piedmont Avenue, Atlanta, Ga.

COCONUT BUTTER FROSTING.

One-half cup butter, 2 cups confectioners' sugar, 4 tablespoons cream, one-half teaspoon vanilla, 1-2 cups coconut, southern style.
Cream butter, add sugar gradually and cream together until light and fluffy. Thin with cream as mixture becomes stiff. Add vanilla. When frosting is consistency of whipped cream spread on cake, sprinkle with coconut. Makes enough frosting to cover tops and sides of two nine-inch layers.

MISS ITALY MAE KING,

Carrollton, Ga., Route 4.

The contest this week will be for the best recipe for pies. All you old-time pie makers get your thinking caps on and send in your recipe. I can truthfully tell you that this cook book is one of the most comprehensive I have seen and will be a boon to you in the planning of your meals.

And now for some "tongue ticklers" as given by that famous home-maker, Jessie Marie DeBoth. Try these on your love and watch your husband fall in love with you "all over again."

TONGUE TICKLERS.

Tongue ticklers such as tasty sandwiches, snacks of this or that delicacy, bits of highly seasoned food served as appetizers are the Americanized version of the well-known Swedish "Smorgasbord." And cheese, as known in this country today is one of the foundation foods of these sandwiches and appetizers.

It is a misuse of cheese to eat it by the chunk, gobbling it down fast because it happens to be soft in texture. Weight for weight cheese contains twice as much protein as meat, and bulk for bulk it holds three or four times as much, therefore it is a food instead of an accessory.

It is also a misuse of cheese to serve it as a top-off to a big meal. And it adds insult to injury to add cheese indiscriminately to eggs and other protein foods, unless it is used in small enough amounts to provide flavor or zest only.

There is no waste in cheese. It yields three times as many calories as beef steak, is rich in vitamins, is delicious in proper combination, and well-digested if thoroughly masticated and properly cooked, if cooked at all. Cheese eaten with foods rich in potassium, the natural salt of cheese, is easier to digest. Such foods are raisins, bananas, oranges, lettuce and potatoes. When making cheese sandwiches, these foods may be taken into consideration.

With the increase of women's club meetings and other similar groups, at the conclusion of which certain refreshments are served, the cheese sandwich or appetizer in its various forms is highly recommended. The cheese is filling, therefore the women do not eat so much food as they otherwise would if cake and rich "a la kings" were served. And sandwiches are coming to be the thing for all such meetings. Therefore, the fillings must be useful and tasty, and the sandwiches real tongue ticklers. Here are some interesting sandwich fillings.

SANDWICHETTES.

Pit dates, open them flat and spread with grated cheese that has been moistened with mayonnaise. Lay each date open side down on a salted cracker, and finish with another cracker. The crackers may be buttered if desired.

SALLY'S SANDWICHES.

Spread thin slices of bread with butter. Pare and core large apples, slice them thin into slices to fit the bread. Lay a thin slice cheese on top of the apple slice, finish with another piece of buttered bread. A thin layer of mayonnaise over the apple adds to the flavor.

BUTTERFLY ROLLS.

Use very fresh bread, cut in as thin slices as possible. Butter these and spread with grated cheese which has been moistened with mayonnaise. Some fresh water-cress or parsley chopped very fine and mixed with the cheese is an enjoyable addition.

Rolls may be made with other fillings.

addition. Roll the slices separately, tie each with a narrow ribbon. Use one slice bread for each of these sandwiches.

CUCUMBER CHEESE TIDBITS.

Add finely chopped fresh cucumbers to grated cheese, cream them together with mayonnaise. Spread generously between slices of buttered bread.

HONEY CHEESE SANDWICHES.

Mix grated cheese with honey and butter to form a thick paste. Spread on very thin slices buttered bread and cut in fancy shapes. If the slices of bread are toasted before being filled with the filling the flavor is delicious.

TOMATO CAMEMBERT GRILL.

Slice whole ripe tomatoes in thick pieces, or cut small ones in half. Spread the open face with buttered bread or cracker crumbs. Broil or bake them until browned and cooked, but not mushy. When ready to serve, place a slice of tomato on a slice of buttered toast with a teaspoonful of camembert cheese on top of each tomato slice.

DEVILED LIMBURGER SANDWICHES.

Mix 1 cup chopped cooked ham or other meat with 1-2 cup creamed limburger cheese. Season with 1 teaspoon Worcestershire sauce and spread on thin slices of bread.

CAMEMBERT SANDWICHES.

Cream iniced parsley with camembert cheese. Spread on thin slices of buttered bread and make into tiny sandwiches.

CHEESE OLIVE SANDWICHES.

Mash any soft cream cheese and add chopped olives and pimientos in equal parts. Add quite a bit of salt and pepper in order to make the seasoning snappy. Spread between thin slices of buttered bread, with lettuce if desired.

CHEESE AND PICKLE SANDWICHES.

Add little Worcestershire sauce and a few drops of lemon juice to grated cheese, work until smooth and soft. Add finely chopped dill or sweet pickles for flavoring and spread on thin slices of buttered bread for sandwiches.

CHEESE AND HAM SANDWICHES.

Make good-sized sandwiches. Place thin slice Switzerland cheese and thin slice boiled or baked ham in each sandwich, with crisp piece of lettuce and little mayonnaise.

SARDINE ROSE CANAPES.

On 6 rounds buttered whole wheat bread place a slice of tomato and a slice of Swiss cheese. Skin and bone 6 sardines, mash well and then add one hard-cooked egg finely chopped, season with salt, pepper and paprika, and moisten with mayonnaise. Put this pulp in a pastry bag and press it through a rosette tube, placing a sardine rose on each round of cheese. Garnish with chopped parsley.

TOMATO TOAST WITH CHEESE.

Toast bread, trim off crusts and butter it. On each slice arrange a thin slice tomato, season with salt and pepper. Cover with very thinly sliced cheese, place strips of bacon on top. Bake in oven till bacon is crisped and serve at once.

TOASTED CHEESE FINGERS.

Toast slices bread, cut in finger lengths. Butter and spread with orange marmalade. Sprinkle with grated cheese.

SWISS BOUCHEES.

Melt 3 tablespoons butter and add 1-2 cup flour and cornstarch mixed, season with salt and paprika, add 2 cups scalded milk. Cook till thick, fold in 1 cup Swiss cheese cut in small pieces and 1 beaten egg. Simmer until cheese is well blended with other ingredients, then pour into a flat well buttered pan and set away to cool. Cut in diamonds, stars, circles, crescents, etc., sprinkle with grated Swiss cheese and paprika. Slip into hot oven and brown delicately.

ALABAMA SALES TAX PROPOSAL ADVERSED

MONTGOMERY, Ala., Feb. 23.—(AP)—The house ways and means committee Wednesday adversed the Harrison sales tax bill by a 21-to-11 vote after voting to report without recommendation a constitutional amendment providing for a state income tax.

The Harrison sales tax bill, which would levy a general 5 per cent tax, was opposed by the Alabama Independent Merchants' Association whose speakers talked against the measure for two hours at the committee hearing.

MOSS RESIGNS POST WITH STANDARD FRUIT

NEW ORLEANS, Feb. 23.—(AP)—W. Irving Moss, president of the Union Indemnity Company, now in receivership, today resigned as chairman of the board of directors of the Standard Fruit & Steamship Corporation. Felix P. Vaccaro, former vice president of the corporation, was elected to succeed him.

AFTER EFFECTS OF THE FLU HAVE ENTIRELY DISAPPEARED

Declares This Well Known Alabama Woman Who States That The Sargon Treatment Brought Her Good Health After Everything Else Had Failed.

"This Sargon treatment is so wonderful I never intend to stop singing its praise, and I want every one of my friends to know that it made a well person out of me after I had tried all other medicines and treatments that had been suggested to me without any results," says Mrs. N. H. Benefield, who resides at 5th Avenue and 12th St., Phenix City, Ala.

"After my recovery from influenza," continued Mrs. Benefield, "I was weak and dreadfully run down, and my stomach began to trouble me day and night. My appetite was poor and nothing I ate tasted right. My heart would palpitate and I would suffer with shortness of breath and terrible pains would strike my chest, back

and shoulders. I felt tired and sluggish most all the time and frequently I had dull headaches.

"When I read in the Columbus paper about Sargon bringing good health to so many good folks right here at home I began taking the treatment and it wasn't long before I knew I had found the right medicine at last, for after taking several bottles my stomach no longer bothers me and my appetite is fine. I now sleep like a baby and feel fine when I wake up. Heartburn never bothers me any more and my heart never palpitates and it's just wonderful to be rid of those awful headaches and pains. I can hardly realize that I am a well and happy woman again.

"Sargon Soft Mass Pills have entirely rid me of constipation. They certainly stimulate the liver and they do not gripe or cause nausea.

"I am certainly enthusiastic about this marvelous treatment and want all my friends and others who are suffering with the terrible after effects of 'flu' to try it and they will be convinced of its real merit just like I was. I am sure."

Sargon Soft Mass Pills are sold at all drug stores all over Atlanta.

Your Baby and Mine!

Food for my baby comes from a Volunteer Store, because all Volunteer Stores are modern and the last word in cleanliness—all their foods are entitled to a health seal.

Then, too, when my baby becomes a man I want him to at least have a chance to become a merchant. Monopolies tend to make everyone a clerk, without a chance of ownership. Volunteer Stores are Independent Merchants of the highest type and their prices average cheaper—quality considered. So I trade with them for baby's sake and stay within my budget.

Senate Fails To Reduce Expenses, Leaves Barber Shop Fund Intact

By DON J. KIRKLEY.
WASHINGTON, Feb. 23.—(AP)—After days and days of laborious head scratching, senate democrats today accomplished a saving of 1 per cent in state expenditures—then wiped it out by adding to its funds for 1934 more than the amount just lopped off.

off \$34,000 worth of doorkeepers and messengers.

Nothing was done about the restaurant, which costs upward of \$60,000 a year to maintain, although Senator Copeland, democrat, New York, who will have that in charge after March 4, told newspapermen he would try his best to balance its budget.

The savings—effected in the \$16,000,000 legislative supply bill carrying \$3,000,000 for the senate which goes back to the house for adjustment of differences—were sponsored by Senator Hayden, democrat, Arizona, in a program drawn up at the request of Senator Robinson, of Arkansas, the democratic leader, over which several democrats have worked for some days.

The plan has as its objective: Reduction of messenger acting as doorkeepers at \$2,040 yearly from 38 to 30 and cutting their salaries to \$1,740.

Revising the pay of 21 senate post-office employees who received from \$1,200 per annum to \$2,040 so that each would receive \$1,020.

By abolishing some positions in the office of the secretary of the senate, including an assistant secretary at \$4,500 yearly, other savings were effected.

The economies, all made in the patronage positions which democrats will fill, aggregate \$32,000 per year and will go into effect March 16, meaning a savings of \$9,800 for the remainder of the fiscal year ending June 30.

Senator Walsh, democrat, Massachusetts, who had intended to insist that his colleagues do something about the barber shop, was absent when the Hayden amendment came up and rushed to the floor, but was too late to bring them up.

Considerably irked as he talked with newspapermen, Walsh said he might say his say tomorrow, adding that he was "much disappointed" at the economy efforts agreed on.

"It is a bad commentary on the senate when the pages, the only employees who can't vote, are paid on a per diem basis while other employees who don't work any longer are paid by the year," said Walsh, who wants workers paid on the basis of what they do.

"I am hopeful that when the dem-

Needy Workers Strike On Pay Cut, Longer Day

REIDSVILLE, N. C., Feb. 23.—(AP)—Nearly half a hundred men employed on Rockingham county projects financed with federal relief funds were on "strike" today in protest against a wage reduction.

Forty-seven laborers on a school project and other undertakings at Ruffin, nine miles from here, quit work when the wage scale was reduced from 10 cents an hour for "eight-hour day" to 8 cents an hour for a 10-hour day.

A similar walkout was threatened at Stonewall, also in this county, but the workers returned to their tasks when told to take their choice of accepting the reduction or going without work.

ocrats do take over the senate, they will respond to the universal demand that the senate set an example with real economies," he added, "put its own house in order and hold employees to the minimum needed to meet requirements."

CIVIL LIBERTIES UNION ASKS POLICY REVISION

NEW YORK, Feb. 23.—(AP)—Officials of the American Civil Liberties Union sent a letter today to President-elect Roosevelt asking the incoming administration to "reverse policies adopted during or after the war, wholly out of keeping with American traditions of civil liberty."

The Union urged the president-elect to take action on:

"Restoration by proclamation of the right to vote, . . . to 1,500 persons convicted under the espionage act for mere utterances during the war."

"Ending of state department discrimination in refusing passports, under a war emergency law still in force."

"Discontinuance by the department of labor of lawless raids, arrests and searches revealed in the Wickesham report."

"Abolition of that department's recent rule against gainful employment by alien students."

WALSH WILL WED WIDOW OF BANKER

Future Attorney-General Leaves for Cuba for Forthcoming Rites.

By WALTER TRUMBULL.
(Copyright, 1933, by the North American Newspaper Alliance, Inc.)

NEW YORK, Feb. 23.—Thomas James Walsh, 74 years old, four times senator from Montana, and attorney-general in the Roosevelt cabinet, left yesterday for Cuba, Senator Walsh is going to Havana, according to report, to marry Maria Nieves Truffin, known to her intimates as "Mina," widow of a prominent banker and sugar grower.

Mrs. Truffin, whose maiden name was Perez Chaumont, is the mother of two sons and two daughters. One of the latter is the wife of Mayor Mesa, of Havana. The other is the widow of Vazquez-Bello, former president of the senate, who was assassinated a few months ago. One of the sons is a lawyer. The Truffin family is one of the most prominent in Cuba.

The romance between Senator Walsh and Mrs. Truffin is said to have been going on for a couple of years, although they appear to have seen each other infrequently.

They met in New York about two years ago and later the senator gave a dinner for the Cuban widow in Washington. The following spring he went to Havana.

The wedding probably would have taken place sooner except for the fact that Mrs. Truffin's married son has been in poor health. It is understood that the couple will return to the United States very soon after the ceremony, as Senator Walsh desires to be in Washington on March 5 in order to spend his last day in the senate.

Bradshaw, W. O. W. Head, Honored by Leading Citizens

Georgia's house of representatives received a visit Thursday from D. E. Bradshaw, of Omaha, Neb., national president of the Woodmen of the World, and a fraternal and personal friend of Speaker E. D. Rivers. Speaker Rivers, at left, is shown introducing the national head of the order to the membership of the house. Staff photo by George Cornett.

Headed by Governor Eugene Talmadge, a number of state officials and prominent members of the Woodmen of the World were guests of Speaker

E. D. Rivers, of the Georgia house of representatives, at a dinner given at the Biltmore Thursday night honoring D. E. Bradshaw, Omaha, Neb., president of the W. O. W.

Bradshaw had appeared at the house of representatives earlier in the day and been introduced to the members by Speaker Rivers, a prominent member of the fraternity. Bradshaw complimented Georgia as a state "whose credit stands out among other states and a state that has established a reputation for paying its debts." He expressed pleasure at visiting with the legislators.

Besides Governor Talmadge and Speaker Rivers, guests included President Hamilton McWhorter, of the state senate; Senator Susie T. Moore, of Tifton; State Superintendent of Schools M. D. Collins, Jere Wells, Fulton county superintendent; Adjutant General Lindley W. Camp, Robert F. Maddox, of the First National bank; William Candler, J. C. Plunkett, Macon, national director of the order; Dr. Herbert G. Kennedy, Atlanta, and H. C. Fabian, also of Atlanta.

President Bradshaw came to Atlanta after attending a session of the National Fraternal Congress in New Orleans.

CAPTIVE-BORN LION, HOMESICK IN ZOO, GASSIED BY MASTER

KANSAS CITY, Feb. 23.—(AP)—Zimba, a California-born lion, was killed here today because he was a sissy.

He was gassed in a dog and cat hospital at the insistence of his owner, Russell Voelpel, who said the lion found life in a local zoo too terrifying and the food too tough.

Voelpel bought the lion from a Los Angeles lion farm and installed him as a pet in a soft drink parlor at Clinton, Iowa. Deciding to move to Independence, Mo., Voelpel brought the lion here recently and gave him to the Swope Park zoo.

The monkeys, the tiger, the leopard and the elephants set up a furor of jungle noises to greet the new zoo member. Zimba retreated to a corner where he trembled in fright.

Large hunks of meat were tossed to him, but he refused to eat.

The only time Zimba displayed any interest in life was on visits of his master to the zoo. Then he would rush to the front of the cage and lick Voelpel's outstretched hand.

Voelpel voiced his determination to reclaim the lion and kill him on a visit yesterday.

"I brought that lion up from babyhood," he said. "I know him better than anybody on earth. He's suffering out here. He eats milk and eggs and steak. He can't get them here. And now you're going to operate on him. I can't stand it."

The proposed operation was for the filling of some bad teeth.

Today Zimba leaped to the front of the cage upon seeing Voelpel and licked his master's hand. He readily entered a transportable cage prepared for him because he believed he was going back to his master. But Voelpel had no place to take him. So Zimba died, ironically enough, at a dog and cat hospital. He was two years old.

INSULL STOCKHOLDERS RESIST STOCKHOLDERS

CHICAGO, Feb. 23.—(AP)—A move to forestall bankruptcy proceedings for the Middle West Utilities Company was made in federal court today by attorneys for stockholders in the Insull Holding Company.

Attorneys for two stockholders' committees, representing investments of \$210,000,000, filed a petition with Federal Judge Walter C. Lindley asking that the Middle West's equity receivers resist a motion for bankruptcy to be made tomorrow by petitioning creditors.

The petitions claimed that Edward N. Hurley and Charles A. McCulloch, equity receivers for the \$2,000,000,000 concern, have made an effort to resist the bankruptcy hearing and that a sale of assets now would cause stockholders great loss.

"LITTLE CABINET" GIVES NEW CHAIR TO HOOVER

WASHINGTON, Feb. 23.—(UP)—President Hoover was presented a chair tonight by members of the "Little Cabinet" to replace the one he recently shipped to California.

The presentation was made at dinner attended by the chief executive and by 37 chief assistants to cabinet officers.

R. W. Dunlap, assistant secretary of agriculture, chairman of the group arranging the dinner, presented the chair to Mr. Hoover. It is the custom for the president and members of his cabinet to keep the chair they use during their period of service.

COTTON ACREAGE CUT 'ILLEGAL' IN ARKANSAS

LITTLE ROCK, Ark., Feb. 23.—(AP)—In an opinion sent to the governor of Mississippi, Attorney-General Hal L. Norwood today held the Arkansas legislature is without power to enact any cotton acreage reduction law that would be constitutional.

The attorney-general also expressed the opinion the acreage reduction law passed at a special legislative session last April, would be ruled void in the courts.

Death of Paul Bern Again Called Suicide

LOS ANGELES, Feb. 23.—(AP)—Paul Bern, suicide.

For the second time that verdict was inscribed in county records today in explanation of the tragedy that last September shocked Hollywood in cutting short the honeymoon days of a popular platinum blond of the movies, Jean Harlow.

District Attorney Burton R. Fitta disclosed that an exhaustive investigation has been carried on quietly into the strange end of the film executive.

Fifty persons—servants, detectives, undertakers, embalmers and others—were quizzed in the new probe conducted by two members of the grand jury and other investigators.

Science was called in to aid in clearing up the case, the science of that the farewell note in his diary shown that the bullet wound was in the temple. It had been reported to have been behind the ear.

Loan Authorized.

WASHINGTON, Feb. 23.—(AP)—The Reconstruction Finance Corporation today authorized an emergency relief loan of \$25,011 to Virginia.

LICENSE TAG ROW NEARS AGREEMENT

Compromise Hinted After Meeting of Conferees Thursday.

The third conference committee seeking an agreement between the house and senate on the much-debated automobile license tag bill is near a compromise, it was learned Thursday night after the group had its first meeting at the Henry Grady hotel.

The committee will meet again at 9:30 o'clock this morning and it appeared Thursday night that there is every prospect of an agreement. The committee has before it the house bill fixing the tag prices at from \$3 to \$15 and the senate bill fixing the prices at from \$5.85 to \$15.

With only 24 days of the present regular session of the legislature remaining, it is known that all factions of the assembly are anxious that the auto tag bill shall be finally disposed of as speedily as possible.

The fact that Governor Talmadge, advocate of the \$3 tag for at least the smaller cars, is empowered to declare a virtual moratorium on tag prices if he desires and his friends have let it be known that in the event the legislature fails to enact a satisfactory measure, he is believed to have won over opponents of his program, they being desirous of putting the cheap tag in the hands of the motorist by legislative action instead of by executive order.

The House Thursday tabled one resolution urging Governor Talmadge to declare a two-year moratorium on automobile license tags and order that they be sold for the cost of production and distribution, about 30 cents, and received another for nullification of all taxes on real estate for the last two years.

The first resolution was presented

Dry Leader Opposes Popular Vote Decision

FORT MYERS, Fla., Feb. 23.—(AP)—The Rev. F. Scott McBride, national superintendent of the Anti-Saloon League, said in a speech here today he favored election of delegates to state prohibition conventions by counties or congressional districts instead of by state-wide majority vote.

"The theory is that conventions are a substitute for legislatures," he said, "and delegates should therefore be elected in the same manner as members of the legislatures."

Dr. McBride said if Florida decided on a state-wide vote seven delegates, the same number as presidential electors, would be enough.

by Representatives Arnall, of Coweta county, and Twitty, of Ware, and the second by Arnall and Representative Beasley, of Tattall county.

The first resolution was tabled by a live vote on motion of Representative Kennedy, of Chatham county. The second one was not acted on as it did not reach the speaker's desk until after a motion for adjournment had been made.

The House Thursday approved a senate resolution which extends until April 1 the sort of "gentlemen's agreement" by which motorists are using their 1932 tags on recommendation of the governor. The resolution provides that a rebate shall be made by the motor vehicle division of the state department of revenue to all tag purchasers who buy tags now, if the prices are cut later.

Marcus McWhorter, chief of the motor vehicle unit, said Thursday that his office would be prepared to handle tag purchases now or at any future time and that rebates would be made as soon as the legislature fixes the new prices of the tags.

Girl Revolver Expert Denied Inaugural Role

WASHINGTON, Feb. 23.—(AP)—The inaugural committee has declared an offer of the "world's champion girl revolver shot" to guard President-elect Roosevelt during the March 4 ceremonies.

Dewey Godfrey, chairman of the St. Louis democratic committee, had asked that Arlyne Brown be stationed back of Mr. Roosevelt in the parade.

In his reply, Rear Admiral Cary T. Grayson, chairman of the inaugural committee, said "protective measures have already been arranged for this occasion by the chief of secret service, the police department and the United States cavalry."

BARRY URGED TO BARE MORE ABOUT CONGRESS

BOSTON, Feb. 23.—(AP)—David S. Barry, who was deposed as sergeant-at-arms of the United States senate following the publication of an article concerning the senate written by him, tonight said he had received letters

from all over the country telling him he "had not gone far enough."

Speaking at the City Club, Barry said that Senator Carter Glass, of Virginia, had made the same statements which caused the investigation of him and he asked that the senate go to Senator Glass if it wished confirmation of his statements. He said it was probable that Senator Glass had documentary evidence to support his statements.

Barry said it was his charge that there was demagoguery in the senate that had angered the members of the body.

Lindy Extortion Trio To Get Hearing Today

ROANOKE, Va., Feb. 23.—(AP)—Hearing for two young men and a woman accused of having attempted to extort \$50,000 from Colonel Charles A. Lindbergh, on threat of kidnapping his second son, Jon Morrow Lindbergh, is scheduled to take place before United States Commissioner Charles D. Fox Jr., at 10 o'clock tomorrow morning.

The accused men, Harry Campbell and Norman T. Harbo, were in jail, having failed to raise \$5,000 and \$7,500, respectively, for their liberty under a \$5,000 property bond. District Attorney Joseph C. Shaffer, and his assistant T. X. Parsons, were out of the city today, but it was said at their office that no change has been made in the plans for the hearing which twice previously has been postponed on motion of the government.

DOMESTIC PERIL SEEN IN ENFORCED IDLENESS

Both cause and effect of present social and economic conditions must be examined and the government must legislate to alleviate suffering and restore industry, agriculture and commerce to a basis of stability, Commissioner Alexander M. Damon told a group of civic, social and welfare workers gathered to hear the annual report of Salvation Army activities at a luncheon at Rich's tea room Thursday.

Commissioner Damon, who is director of Salvation Army work in 15 southern states, highly complimented relief workers and agencies in Atlanta for "doing good work" under present conditions. He specifically outlined the work accomplished by the local agencies and the Salvation Army.

"The enforced idleness," he said, "and lack of resources is definitely contributing to domestic strife and broken homes in increasing numbers, to say nothing of developing dependency at a rapid rate." The commissioner concluded his address with citations of cases rescued by the Salvation Army.

The report submitted by Major J. Arthur Fynn showed that nearly 10,000 men and 5,000 women had been aided by the Salvation Army last year. Nearly 8,000 homes were contacted by workers.

Preston S. Arkwright, president of the Salvation Army board, presided at the meeting, which was attended by representatives of 17 civic and social clubs, welfare workers and leading citizens.

Cermak's 'Close Call' Revealed by Doctors

MIAMI, Fla., Feb. 23.—(AP)—Intravenous injections of 10 per cent glucose, a food substance, were given Mayor Anton J. Cermak today in an effort to build up his strength, sapped by an assassin's bullet and an attack of colitis.

Dr. Meyer revealed for the first time that Cermak collapsed last night during an injection of glucose through the skin. The patient suffered a vasomotor shock, the doctor said, which forced his blood pressure so low that the pulse collapsed.

A minute, during which stimulants were administered, was required to restore the pulse.

Today's injections were made into the vein of the arm.

Meyer said today's improvement caused him to believe Cermak now has an 80-20 chance to recover.

Roosevelt, Al Smith Made Targets Of Satire by Legislative Writers

ALBANY, N. Y., Feb. 23.—(AP)—Biliousness which spared no one and found an especial target in President-elect Franklin D. Roosevelt and former Governor Alfred E. Smith, both of whom were present, were served up tonight at the annual dinner of the Albany Legislative Correspondents' Association.

PAIN DEADENED CHEST COLDS LOOSENED WITHOUT DRUGS

Get quick relief from neuralgia, pain, sciatica, pain, neuritis, pain, rheumatic pain, lame back, stiff neck, headache, strains and chest colds by rubbing plenty of Baume Bengue (pronounced Ben-Gay) on the spot. It doesn't blister or stain. Rub it in till it sinks down and soothes the pain or breaks up any chest cold. Takeno drugs for any chest cold that is powerful enough to "dead" pain or loosen a chest cold may not be good for you.

But beware of imitations. Ask your druggist for Baume Bengue by name (called "Ben-Gay" in English). There are many analgesic balms, mostly cheap imitations of Ben-Gay made out of synthetic drugs. That is why they are ineffective. Insist on Ben-Gay and you will get real results.

The Albany Legislative Correspondents' Association. This dinner show is one of the oldest of the kind in America, antedating even the famous Gridiron dinner of the Washington correspondents and the inner circle status of the New York city political writers.

Its motive is to put political bigwigs "on the spot" with good-natured satire and rollicking tunes. The "Tonight" theme was "Fam, Sweet Fam," and the opening act depicted a New York cafe bearing a sign that read "Closed Since 1921 by Order of Andrew Volstead." Along comes Uncle Sam, unmistakably identified as Mr. Roosevelt, who rips off the padlock and enters, to find the bartender is his old sidekick, Al Smith.

"Will you take a place in my cabinet—say, secretary of commerce?" asks the pseudo president-elect.

"I'd take it if I were as good as you at trading," retorts Smith, to which Roosevelt answers: "Well, I garnered the nomination."

At another point Roosevelt asks Al: "What do you think of my administration will need the most?"

Smith answers: "A four-leaf clover."

Federal job-seekers were given the laugh in a skit in which the participants wore dual costumes—the fronts being stiffly starched evening clothes and the backs nondescript rags. The entire cast joins in a song: "Franklin, Can You Spare a Job?"

Governor Herbert H. Lehman's beer commission, of which former Lieutenant Governor Thomas C. Conway is chairman, was discussed in a song ending with the refrain:

"So raise boys, carouse boys, the spike and needle are through. The Conway bunch has put the punch in nut brown three point two."

Progress Is Reported In Bomb Investigation

WATERTOWN, N. Y., Feb. 23.—(AP)—Postal inspectors, working under cover seeking the person who addressed and mailed a package containing a crude bomb to President-elect Roosevelt, today were a step nearer their goal.

After working one day, they found that the package was mailed between 10 and 11 p. m. Sunday last, by a person who placed it on the top of a mail box directly across the street from the postoffice.

Logan J. Hannay, a substitute carrier, recalled taking it from the box to the postoffice and noting that it was addressed to the president-elect. It was too large to go into the box.

FLORIDA MAY ABOLISH HOME FOR VETERANS

TALLAHASSEE, Fla., Feb. 23.—(AP)—The state budget commission decided today to recommend abolishment of the Confederate Soldiers' Home at Jacksonville and the state board of public welfare.

Reports to the commission disclosed that last year there was a daily average of eight to nine veterans at the home; that seven employees care for that number; that upkeep of veterans amounted to \$2.36 a day in addition to the \$40 monthly pension paid by the state to each of them.

Pupils Denied Holiday Walk Out in Protest

LAKE WORTH, Fla., Feb. 23.—(AP)—About 40 of the 58 members of the Lake Worth high school senior class walked out Wednesday when they were refused a half holiday in observance of Washington's birthday. No comment was forthcoming tonight on what disciplinary action would be taken, if any.

Einstein Confident Theories Will Stand

PASADENA, Cal., Feb. 23.—(UP)—Smiling good-naturedly, Dr. Albert Einstein declared tonight he did not "think it possible" that South American scientists will be able to explode any phase of his relativity theory. They will attempt to do so Friday during an eclipse of the sun.

"Experiments which established the theory that light rays will be bent when passing through a field of solar gravity were conducted so skillfully that any error in observations would be less than 10 per cent, or not enough to affect the theory," the noted German physicist said.

He appeared as skeptical over the Chilean attempts to disprove his theory as the South Americans appeared to be over the theory's authenticity.

"I do not think that previous observations can be discredited," he averred. "Not in Chile, anyway."

House Measure Seeks Beer for Washington

WASHINGTON, Feb. 23.—(AP)—A bill to legalize beer of 3.05 per cent alcoholic content for the District of Columbia was approved today by the house District of Columbia committee.

The measure provides a local tax of \$1.20 on a barrel of 31 gallons, in addition to the federal tax of \$5, proposed in the Collier bill pending in the senate. The vote was 10 to 3.

The committee agreed that the bill would not be brought up for house action until after the Collier bill is passed by the senate.

This agreement also called for another meeting of the committee to offer amendments to the bill after the passage of the Collier measure and before this measure is brought to the house floor.

HOOVER AND STIMSON VISITED BY LINDSAY

WASHINGTON, Feb. 23.—(AP)—Sir Ronald Lindsay, British ambassador, saw both President Hoover and Secretary Stimson today but said neither meeting had to do with war debts.

He declined to say whether he had made an appointment to see Senator Cordell Hull, the incoming secretary of state, but told newspapermen he was very busy preparing for the forthcoming conferences between the two countries on the debt question.

BEFORE YOU BUY ASPIRIN

Before you buy aspirin ask yourself this question: "Has this aspirin been fully protected against the destructive influence of moisture in the air?" Moisture often causes unprotected aspirin to decompose and disintegrate and when this happens you can never be sure of its full effectiveness.

It is for this reason that the makers of St. Joseph's Genuine Pure Aspirin carefully wrap each package in moisture-proof cellophane. This keeps out the moisture and seals in the original purity and full strength of each tablet. That's why St. Joseph's is always fresh and fully effective.

Remember, too, that there is positively no aspirin, regardless of higher price, that dissolves more quickly in the stomach or brings more prompt relief from pain and colds than St. Joseph's Genuine Pure Aspirin.

PRICE REDUCTION
The 60c size of St. Joseph's Aspirin has been reduced in price to 50c. The 50c size contains more than eight times as many tablets as the 50c size.

The makers of St. Joseph's Genuine, Pure Aspirin recommend Penetro, the mutton suet salve, and Penetro Nose and Throat Drops.

FOUR MEN ARE HELD IN FATAL FLOGGING

AIKEN, S. C., Feb. 23.—(AP)—Four Aiken county men were in jail here today facing a charge of murder in connection with the death of

a negro who accused them of flogging him and leaving him badly injured in the woods.

A coroner's jury yesterday charged Stuart Floyd, Jim Patterson, Jim Hancock and W. H. Hitt with responsibility for the death of Herman Jeter, the negro.

Doctors Give Creosote For Dangerous Coughs

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on.

Creomulsion with creosote and six other highly important medicinal elements, quickly and effectively stops all coughs and colds that otherwise might lead to serious trouble.

Creomulsion is powerful in the treatment of all colds and coughs no matter how long standing, yet it is absolutely harmless and is pleasant and easy to take.

Your own druggist guarantees Creomulsion by refunding your money if you are not relieved after taking Creomulsion as directed. Beware the cough or cold that hangs on. Always keep Creomulsion on hand for instant use.

Another Large Crowd Attracted To Display of 1933 Automobiles

Sunshiny weather Thursday brought another large crowd of visitors to the display of 1933 automobiles which is being held by local dealers in their showrooms. It is estimated that \$3,000,000 worth of cars are being shown.

The display will continue today and Saturday, the showrooms keeping open until 9 o'clock each night to allow everybody a chance to see the cars. These cars are identical with those shown at the big automobile shows in New York and Chicago. As virtually every manufacturer has issued a new model since December 1, the showing is unusually representative and striking.

Although no effort is being made to sell the cars, and visitors are not pestered by high pressure salesmen, demonstrators will be on hand at all dealers' places to demonstrate the cars for any person wishing to try them out.

The style and beauty of the cars, most of which show adaptations of European design, and the improvement of their mechanical appliances, interested all the visitors. More novelty was in evidence than ever before at a similar display.

The new ventilating system, which keeps the air fresh in the car but does away with draughts, although the windows may be left open, came in for a lot of comment.

No building large enough for a combined display under one roof was available, so the dealers decided on individual shows. Some of these sent to the factories for the models. The dealers extend an invitation to the public, whether or not it is in the market for new cars, to attend the exhibits which are more complete than last year's and have drawn a larger attendance to the showrooms.

Antonio Moreno's Wife Is Killed in Accident

HOLLYWOOD, Cal., Feb. 23.—(AP)—Mrs. Daisy Canfield Moreno, oil fortune heiress and estranged wife of Antonio Moreno, film actor, was killed in an automobile accident today when she plunged off a 300-foot embankment in the Hollywood foothills.

The wife of the actor was riding in an automobile with Rene H. Duesse, who, after the accident, climbed back to the highway and signaled passing motorists. He was injured slightly.

Mrs. Moreno was the daughter of the late Charles Canfield, multi-millionaire oil man of California. She was married to Antonio Moreno in 1923 and only a few weeks ago separated from her husband. A daughter by a previous marriage is the wife of Francis Tappan, former football player of the University of Southern California and now an attorney in Los Angeles.

ROBERT KELSO JARGES DOMESTIC PHILOSOPHY

Dr. C. R. Stauffer Re-elected
Head of Relief
Group.

Robert W. Kelso, of Washington, D. C., field representative of the Reconstruction Finance Corporation, was the principal speaker at the annual meeting of the Welfare Relief organization Thursday afternoon at the Chamber of Commerce. Dr. C. R. Stauffer, prominent Atlantan, was re-elected president of the organization.

Mr. Kelso spoke vividly of economic and social conditions over the country. Urging that the philosophy of the home be adhered to, he said:

"The depiction of today and the depression of the late seventies are the only ones which have broken apart the fabric of human relations, and destroyed homes."

Mr. Kelso added that he is continually compelled to travel by air for the sake of time. This type of travel has given him a chance to observe that from two to three times as many factories are smoking today than some months ago. This, he believes, is due to a diminishing supply which people have stored over the past months, and a returning demand.

Other officers re-elected during the meeting were: Fred A. Jordan, first vice president; J. C. Mays, second vice president; W. A. Sutherland, treasurer, and Miss Rhoda Kaufman, executive treasurer.

Love Porter and Herbert Porter are newly elected members to the board. The following 23 members were re-elected: Harris Russell, W. W. Alexander, Reid Hunter, Steve Nance, Herbert Oliver, Mrs. Leonard Hays, R. A. Clark, Mrs. L. J. Elms, Mrs. Lawrence Willis, Edgar Watkins, J. L. McMillen, Ralph Paris, Comer Woodward, Mrs. William Huger, Dr. Witherspoon Dodge, Paul Jones, Mrs. S. F. Boykin, Nelson Spratt, Turner Jones, W. S. Griffin, Mrs. Harry Green, Dr. David Marx, Roy McCraw, Mark Pope, Charles Marshall, Dr. W. L. Gilbert, B. Graham West and Rev. J. W. Walker.

RAFT REFUSES ROLE OF DEGRAVED MAN, GIVEN SUSPENSION

HOLLYWOOD, Cal., Feb. 23.—(AP)—Abandoning plans for a formal statement regarding his current suspension by Paramount Studios where he is under contract, George Raft, film actor, nevertheless, today made clear his position in the matter.

The dapper portrayer of sleek gangster and other roles in the talkies denied rumors his suspension was caused by any demand on his part for a salary increase. He reiterated that it came simply because of his refusal to enact a role he considered "suicidal" to his future career. The part in question is that of a degraded character in an adaptation of William Faulkner's novel, "Sanctuary."

"I don't mind playing gangsters," he said, "or anything else they tell me to do but I don't want to go any lower in the type of character I play than I have. I may be all wrong, but I've got to take a chance on that."

2 COUPLES, 4 GIRLS, GIVE UP MARATHON

Two couples and four girls have succumbed to the grind of the marathon dance at the Palace Theatre, it was announced Thursday by the management.

Forty-seven couples now remain on the floor, but the law of the survival of the fittest may be expected to exact its toll from day to day as the grind becomes fiercer.

Meanwhile the attendance continued to increase. M. Harkins, the manager, said, Dr. Samuel Green, the physician in charge, was on hand to see that the dancers kept in good physical trim. Miss Imogene Spinks, a nurse, is constantly on hand in case of emergencies.

Some of the regulars who were present at last year's dance are seen again. Already the audience is following its favorite dancers.

No More Piles

How to End Terrible Agony
Without Salves or Cutting

Thousands of Pile sufferers do not know that the cause of Piles is internal—bad circulation of blood in the lower bowel.

That is the scientific truth about Piles—the real reason why salves and suppositories do not give permanent relief, why cutting does not remove the cause.

Your itching, bleeding or protruding Piles will only go when you actually remove the cause—and not one minute before. External treatments can't do this—an internal medicine should be used. HEM-ROID, the prescription of Dr. J. S. Leonhardt, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts.

HEM-ROID is so successful in even the most stubborn cases that Jacobs Drug Store and all good druggists advise every sufferer to get a bottle of HEM-ROID Tablets today. They must and your Pile agony or money back.

Champ Liar "Retires" To Convince His Wife

BAY CITY, Mich., Feb. 23.—(AP)—Orrin W. Butts is glad now that he can put a "retired" before his title of "champion liar of the United States."

Setting out for a club meeting last night, he ended up in general hospital with a sprained leg, and he wants his wife to believe that he fell down the stairs at Trainman's hall.

Butts relinquished his championship at the last liars' contest held in Burlington, Wis.

Chileans Terrorized By Two Earthquakes

IQUIQUE, Chile, Feb. 23.—(UP)—Two violent earthquakes at dawn today shook northern Chile and sent frightened citizens running into the streets in panic.

The first shock occurred at 4:07 a. m. and the second at 4:15 a. m. The quakes were accompanied by terrifying subterranean rumblings and poundings and flashes of lightning. The rumblings beneath the earth's surface continued between the shocks, causing the populace to huddle in the streets in fear.

Dispatches from the interior said houses were damaged and wells caved in.

BINGHAM TAKES POST IN PERIOD OF STRESS

**Arizonan Is Only 39 Years
Old But Is Veteran in
Government**

By CECIL B. DICKSON.
WASHINGTON, Feb. 23.—(AP)—In
selecting Representative Lewis W.
Douglas, of Arizona, as director of the

Only 39 years old and completing his third term in congress, Douglas has a record of achievement in a variety of pursuits, including service in France during the World War.

Although re-elected for his fourth term, he is giving up his career in congress to assume one of the most important positions in the new administration.

Douglas will succeed J. Clawson Roop, President Hoover's appointee. He was recommended to Mr. Roose-

vel by Swager Sherley, one time chairman of the house appropriations committee, who declined the post.

Informing the speaker, Speaker Garner, the vice president-elect said: "Lew will get my help in every way possible to balance the budget."

Representative McDuffie, of Alabama, the democratic whip, a leading speakership candidate and chairman of the economy committee of which Douglas was a member, said:

"It is a fine appointment. Lew Douglas is a fine, intelligent and courageous man, and will do a real job."

Another leading speakership candidate, Chairman Lyons, of the house appropriations committee of which Douglas also was a member, said:

Douglas was elected to congress in 1926 after serving in the Arizona house of representatives from 1923 to 1925. He was born at Bisbee, July 1, 1894, and came of an early pioneer family in that state from which the city of Douglas was named.

Graduating from Amherst College in 1916, he studied geology at Massachusetts Institute of Technology until he entered the service in May, 1917.

Douglas married Miss Peggy Zins, a daughter of Hanson, in 1921. They have three children.

County police Thursday drained the well at the home of Sam H. Henderson, off Childress drive, and expecter to drain an artificial lake not far from the house to search for the man used by the slayer of Mrs. Henderson last Saturday morning. Henderson, shot through the shoulder at the same time, and his two-year-old son, clubbed over the head by the slayer, were still reported in a serious condition at Grady hospital.

Plans for co-operating with the county police will be mapped at a class meeting to be held in the Castle Heights school at 3 o'clock Sunday afternoon. George F. Longino, chairman of the board of county commissioners, and other county officials have been invited by citizens of the community to attend the meeting.

Income Socialization

Advocated by Logan

Advocated by Logan

WASHINGTON, Feb. 23.—(P)—Senator Logan, democrat, Kentucky, posed in the senate today that the government take over the profits of industry above a fair return to capital and labor and use them for the interests of the public.

It may be said that this suggestion is socialistic," said Logan.

"Everything that deals with society is naturally socialistic."

LEADERS TO PAY TRIBUTE TO ORME

Courts To Close in Token
of Mourning; Burial in
Oakland.

Fulton and Atlanta courts will be closed today during the funeral services of A. J. Orme, prominent Atlanta, at 11 o'clock this morning at the Spring Hill chapel of H. M. Patterson & Son, at which Dr. L. R. Christie and Dr. M. Ashby Jones will officiate. Burial will be private in Oakland cemetery.

Mr. Orme, former attorney and head of the Atlanta Trust Company, died unexpectedly Wednesday night at his residence at Habersham and Valley roads. He had apparently been in good health Wednesday but was stricken with a heart attack soon after retiring.

Prominent Atlantans who will act as pallbearers are: Robert P. Jones, James S. Floyd, Sam N. Evans, Dr. Michael Hoke, Frank Phillips, R. Lee Walker, Sanders McDaniel, Oscar Newton, Frank Inman and Walter Colquitt. Mr. Colquitt, who is president of the Atlanta Bar Association, appointed the following to serve as honorary escort: Sanders McDaniel, Reuben R. Arnold, Robert C. Alston, John L. Tye Sr., Marion Smith, Robert E. Jones, Arthur G. Powell, Jack J. Spaulding, John A. Hynds, E. L. Meyer, Arthur Heyman, George Westmoreland, William Schley Howard, Robert H. Jones, Henry B. Troutman, John T. Dennis and Grover Middlebrooks.

Born in Atlanta in 1874, Mr. Orme was educated at the Virginia Military Institute and the Atlanta Law school. He practiced law from 1904 until 1912, and at one time was solicitor of the criminal court of Atlanta. He was a leader in civic and social affairs and a member of one of the most prominent families in the state. Representing his ward in council, Mr. Orme was chairman of the finance committee at one time. He had also been a member of the board of the Georgia Baptist hospital and was a member of the leading clubs of the city. At the time of his death he was president of the North Boulevard

Toys Cheer Baby of Slain Mother

Although Grady hospital attaches said Thursday that young Sam Henderson Jr., 2-year-old son of a mother slain and a father seriously wounded by a negro robber, was not yet out of danger he evinced every desire to be up and playing with some of the toys friends have sent, with other gifts, to him. The picture shows how the little fellow's eyes were discolored when blows from the negro assailant's gun fractured his head. The father's condition was reported as still serious. U.S. Taxes in 7 Months Decline \$113,393,699

WASHINGTON, Feb. 23.—(AP)—The government's income from taxes for the first seven months of the 1933 fiscal year was \$113,393,699 less than in the same period of the previous year despite additional levies in the billion-dollar tax bill.

In the seven months the government collected \$831,242,813 from all sources of taxes as compared with \$944,636,512 in the corresponding period of the previous year. For the month of January tax collections amounted to \$86,804,917 as compared with \$210,995,087 in December and \$62,538,568 in January, 1932.

The December collections, however, included \$141,033,327 of quarterly income tax payments while last month's income tax amounted to only \$17,888,855, approximately \$3,200,000 less than collected in the same month of 1932.

TEXANS MOVE TO CUT PROHIBITION PENALTIES

AUSTIN, Texas, Feb. 23.—(AP)—A bill to reduce the penalties in the Texas law, Texas' prohibition enforcement statute, was given a favorable report today by the criminal justice committee of the Texas house of representatives.

The bill would make the Texas law conform to the federal prohibition statutes. The first two offenses would be made misdemeanors, punishable by a fine or jail sentence. The third offense would be classified as a felony. The bill would make the first offense a felony, punishable by a penitentiary sentence.

HARVARD MAN WINS ASTRONOMY AWARD

CAMBRIDGE, Mass., Feb. 23.—(AP)—Award of the Roberts prize, a distinguished European prize in astronomy, to Dr. B. J. Bok, a member of the staff of the Harvard University astronomical observatory, was announced Wednesday by Dr. Harlow Shapley, director of the observatory.

Word of the award was received at Harvard today in a letter from Dr. J. Hans Labandorf, president of the Astronomical Society and director of the national astrophysical observatory at Potsdam, Germany.

The award was established only a few months ago, and Dr. Bok was selected as the first of the annual winners, because of his recent publication of a paper dealing with "absorbing matter in space."

SOCIETY GIRL'S DEATH VIEWED AS SUICIDE

TACOMA, Wash., Feb. 23.—(AP)—Police today relaxed their investigation of the death of Miss Mary Fitzgerald, whose body was found Tuesday in Puget Sound, after the parents of the Tacoma Junior League president agreed all clues apparently "point to suicide."

Kill the Cause Of Skin Trouble

If you suffer from skin eruptions of any kind; Ringworm, Athlete's Foot, Eczema, Tetter, Itch or other parasitic skin troubles, a pleasant, odorless ointment, known as Tetterine, containing highly effective parasitic destroying and skin-healing properties, never fails to bring quick and sure relief. Tetterine kills the parasites that bore into the skin and by its cooling, soothing antiseptic effect stops the irritation and itching. Tetterine is sold by all druggists at 60c a box.

Early Story of Georgia Related By Bicentennial Dinner Speaker

Georgia's early history and her development were discussed Thursday night at a bicentennial dinner given by Mayor James L. Key and George F. Longino, chairman of the board of Fulton county commissioners, at the Ansley hotel roof garden, which was attended by many prominent Georgians.

Reuben R. Arnold, Atlanta attorney, and J. Randolph Anderson, of Savannah, a student of early Georgia history, were the principal speakers. Short addresses were also made by Mayor Key, Mr. Longino, Mrs. Joseph Lamar, of the Colonial Dames of America; Governor Eugene Talmadge and Robert L. Foreman, who,

as chairman of the committee on arrangements, presided. Invocation was given by Dr. Louis D. Newton, pastor of Druid Hills Baptist church. "Contrary to popular belief," Mr. Anderson asserted, "a civilization had already been started here by the Spaniards nearly 200 years before Oglethorpe came from England." He read a paper telling how the English led by Oglethorpe, who, he said, was essentially a soldier, not a philanthropist, fought with the Spaniards over this state which had been conceded as the property of Spain for many years. His talk threw a new light on the earliest settlements, such as the Spanish missions, inasmuch as his

McKellar Is Leader.

NASHVILLE, Tenn., Feb. 23.—(AP)—The democratic state executive committee today selected United States Senator K. D. McKellar as national committeeman from Tennessee to succeed the late Benton McMillin.

McMillin until a few years ago were in ignorance of the settlement of Georgia by Spanish people, he said.

A brilliant future for Georgia was outlined by Mr. Arnold, who gave as his reasons the rapid growth in population in 200 years, the ideal and varied climate, and the ability of the state to support millions of inhabitants. Both Mr. Arnold and Governor Talmadge mentioned the necessity of tax revision and a better system of government. The chief executive declared expenditures must be reduced and that "three-fourths of the state employees should be fired."

2 FREE Trips To Washington

HERE'S HOW
YOU
CAN WIN A TRIP
TO THE INAUGURATION
FREE

All you have to do is cut out the pieces of a jig-saw puzzle appearing in many of the advertisements in today's Constitution. Use these together with those appearing in this advertisement. . . Put these pieces together and send the completed puzzle to the Free Trip to Washington Editor, care of The Constitution. The best, most accurate, neatest and most clever arrangement will win the FREE trip. The winner may invite a friend or chaperon to go, with all expenses paid for both. There are thirty-nine pieces—be sure you have them all.

RULES OF CONTEST

1. Cut out jig-saw puzzle pieces appearing in the advertisements of leading merchants in today's Atlanta Constitution.
2. Paste completed picture on a sheet of reasonably stiff material.
3. Clip from the advertisement of any one of the participating merchants one item which in your opinion represents outstanding value, and paste it on bottom or top of your solution.
4. Also write on a slip of paper three items (in addition to the one you select as outstanding), taken from three separate ads in which a portion of the puzzle is printed.
5. Mail or bring your solution to the "Free Trip to Washing-

ton" Editor so that it will be received not later than next Tuesday evening (February 28), at 6 p. m.

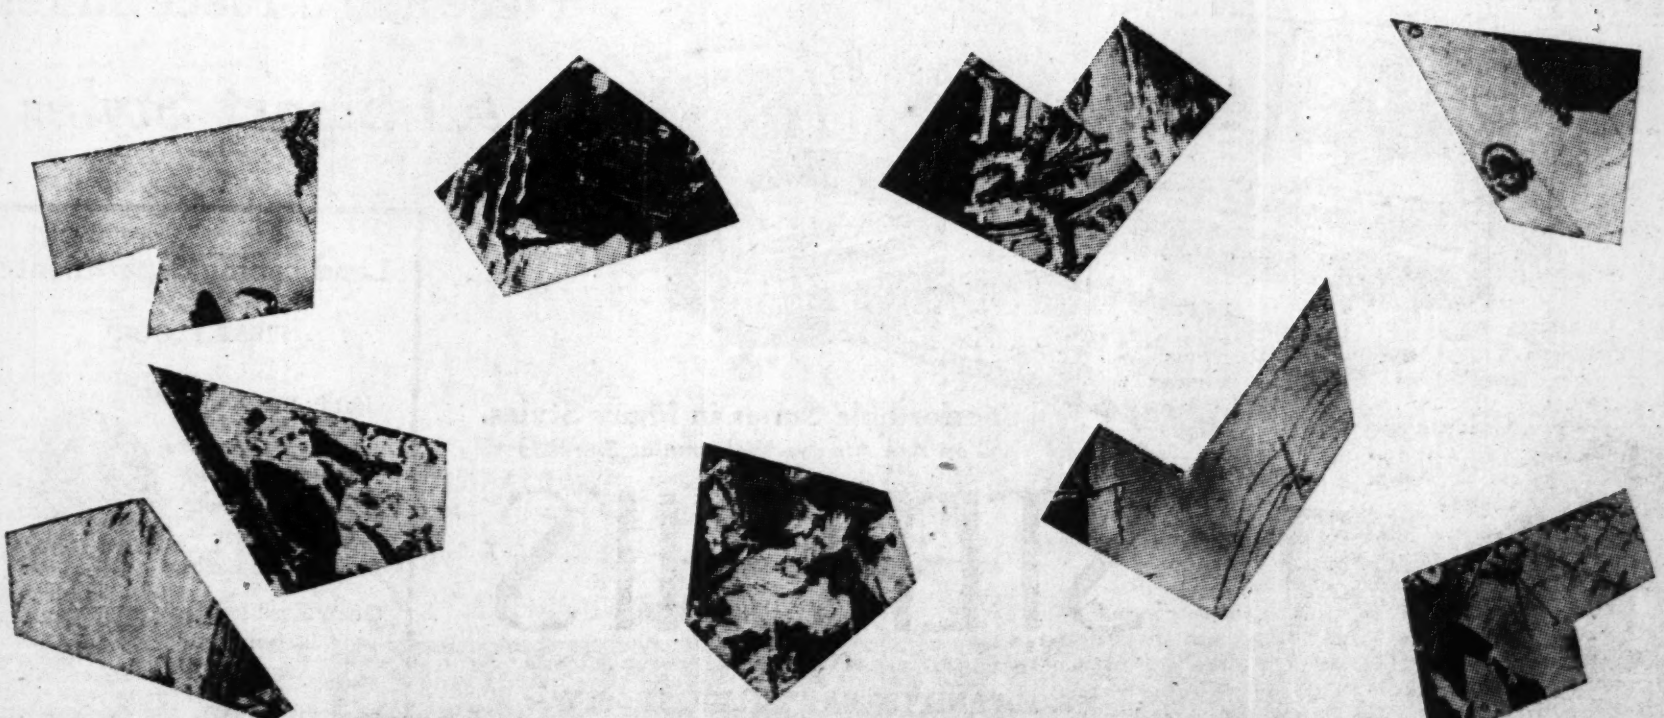

6. The award will be based on accuracy, neatness and cleverness of the jig-saw puzzle solution and the carrying out of the directions set down in paragraphs 3 and 4 above.

The winning contestant and any person he or she may invite as a guest will be awarded a free trip to the inauguration of President-elect Roosevelt. All the expenses of the winner and the guest, including meals, from Atlanta to Washington and return, will be paid. They will leave Atlanta at noon next Thursday, arrive in Washington Friday morning. Returning, they will leave Washington Saturday evening and arrive in Atlanta Sunday.

REECE DENIES GUILT,
CHALLENGES STATE

NASHVILLE, Tenn., Feb. 23.—(AP) Joseph I. Reece, former state commissioner of insurance and banking today denied any knowledge of the alleged abstraction of \$100,000 in bonds from the blue sky office and challenged

the state attorney-general's office to make public a document seized among his effects "showing certain campaign contributions."

Reece's denial and challenge were contained in an answer he filed to an injunction action by the attorney-general to restrain him from withdrawing any money or bonds from banks and lock boxes.

Miss Lucy Harding and Mr. Holt Wed at Ceremony in Milledgeville

MILLEDGEVILLE, Ga., Feb. 23.—The wedding of Miss Lucy Harding and Julius R. Holt was solemnized Thursday evening at 8 o'clock in Saint Stephen's Episcopal church with Rev. F. H. Harding, rector of the church and father of the bride, reading the impressive marriage rites.

Palms, ferns and similar decorated the church and formed an effective background for the six tall seven-branched candelabra, which held white cathedral candles, and the pedestal baskets of Easter lilies and pink gladioli. Burning white tapers and a basket of Easter lilies adorned the altar, and garlands of similar graced the chancel rail and fluted bows of white tulle marked the pews reserved for the family.

Mrs. Marshall Bland at the organ rendered a program of music. Prior to the entrance of the bride party, Mrs. Robert Eidenberry Jr., of Milledgeville, sang several selections and the bridal chorus from "Lohengrin" was used as a processional and Mendelssohn's "Wedding March" as the recessional.

Bridal Party.
Ushers were, of Milledgeville: Fred Storey, of Columbus; John Frierson, of Macon; Alton Rogers, of Milledgeville; Arthur Butts, of Gainesville; and W. S. Jett, of Milledgeville. Bridesmaids were Miss L. Vera Morgan, of Albertville, Ala.; Miss Evelyn Holt, sister of the groom; Miss Sarah Bingham and Miss Frances Thaxton, of Milledgeville.

The bridesmaids were gownned alike in blue gowns of londe, with pink trimmings. Double ruffles of the material headed by pink flowers ornamented the bodice and the low décolletage in the back terminated with a bow of the two materials. Skirts which flared gracefully from above the knee to slipper-length, revealed pink and silver sandals with brilliant buckles. Bouquets of Ophelia roses completed the costumes.

The matron of honor, Mrs. W. S. Jett, sister of the bride, wore pink gown of londe trimmed in blue and carried like that worn by the bridesmaids. With this she wore blue slippers and carried a bouquet of Ophelia roses. The ringbearer, little Billie Jett III, nephew of the bride, wore a white suit and carried the wedding ring after the fashion of an Easter lily. The little flower girls, Frances Binion and Marjorie McKinnon, wore miniature reproductions of the gown worn by the bride.

Oakland City O. E. S. Sponsors Cakewalk

Mrs. Annie Jaskins, past worthy matron of the Oakland City chapter No. 290, O. E. S., was the capable chairman of an entertainment program and cakewalk held Monday evening in the chapter hall at 1711 Lee street.

The Oakland City chorus, composed of nine talented vocalists of the chapter, sang favorite selections accompanied by the piano by Mrs. Kate Massey, the director. Mrs. Elnor Garner gave two readings of a humorous nature; little Miss Jean Parham and Miss Louise Wardlaw solo were heard in solo numbers; Mrs. Lavert Mitchell, well-known radio vocalist, rendered a solo selection and sang in a duet with Mrs. Rubie Bethel; and Mrs. Kate Massey, organist of the grand chapter of Georgia, played the piano for the cakewalk.

Miss Mae Garner, worthy matron of the Oakland City chapter, presided over the business meeting. The distinguished visitors escorted to the east during the meeting were Mrs. Janie Lou Garmon, worthy matron of the Capitol City chapter and president of the 1933 Matrons' Club, and W. P. Burnett, grand instructor for District No. 2. Mrs. Lella McDonald won the attendance prize.

Members of the Co-op Club of Georgia Tech will give the semi-annual dance this evening at the Shrine Mosque. A novel feature of this dance will be the costumes worn, as it is termed a mechanical ball, and only those who will be admitted who dress the part. Guests from the faculty will include Dr. and Mrs. M. G. Dean and Mrs. W. V. Skiles, professor and Mrs. P. B. Narmore, professor and Mrs. A. V. Stalder, professor and Mrs. R. C. Miss Whiddon, Mr. Broach Wed At West End Baptist Church Rites

Miss Ruth Ellen Whiddon became the bride of Edward Stanley Broach at a beautiful ceremony solemnized at 11 o'clock Thursday at the West End Baptist church. Dr. M. A. Cooper, pastor of the church, read the marriage service in the presence of an assembled company of friends and relatives of the young couple.

The interior of the church presented an attractive scene with its massing of palms and ferns to the rear of the altar, the background of foliage started with graceful French floor baskets filled with Easter lilies. Alternating with the baskets were floor standards topped with seven-branched candelabra holding lighted tapers. The chancel rail was festooned with garlands of asparagus fern and trailing smilax.

Miss Helen Schaid, organist of the church, rendered a program of nuptial music. During the ceremony "Because" was played.

The bride chose as her matron of honor and only attendant her maternal aunt, Mrs. Joseph H. Drewry, whose name she bears and with whom she has made her home for several years. Elyacinth blue crepe, trimmed with Mrs. Drewry's effective costume. A blouse of gold lace was posed over flesh-colored chiffon and worn with a bias-cut skirt and a short becoming jacket of the crepe. Her hat of rose hige straw was faced with hyacinth blue and smartly turned across the back, a cluster of blue and white French flowers caught at the back. Bigger accessories completed the costume, and Mrs. Drewry carried an arm bouquet of pastel-tinted spring flowers.

The bridegroom was attended by his father, E. C. Broach, as best man, the ushers included Howard Whiddon, of McRae and James Whiddon, brothers of the bride; Eugene Tiller and Roy Smith.

The brunt beauty of the bride was accentuated by her gown of bige crepe, which featured a yoke of ivory-tinted rose point lace, which adorned the wedding gown in West End, the late Mrs. Howard P. Whiddon. An effective contrast was introduced by touches of brown, and her becoming hat of hige straw was trimmed in brown. The bride's accessories were in bige and brown tones and she carried a graceful sheath of talisman roses and valley lilies.

Mrs. E. C. Broach, mother of the bridegroom, wore a gown of Nassau bige crepe with hat and shoes to match. Mrs. M. Carson, both of Reynolds, was a shoulder bouquet of roses and sweet peas in pastel shades.

Mrs. F. A. Jordan, of Richmond, Va., sister of the bridegroom, was an attractive figure wearing rose crepe and matching accessories. Her flowers were a shoulder cluster of roses and sweet peas.

Mr. Broach and his bride left for a wedding journey by motor, their itinerary to include interesting resorts of Florida. Upon their return they will take possession of their apartment on South Gordon street, in West End, where they will reside.

Among the out-of-town guests who attended the wedding were the bride's aunt, Mrs. Alice James; her cousin, Mrs. M. Carson, both of Reynolds, Ga.; her brother and sisters, Mr. and Mrs. Howard P. Whiddon, of McRae, Ga., and the bridegroom's sister, Mrs. F. A. Jordan, of Richmond, Va.

SMALLER PEANUT CROP IS SOUGHT IN SOUTH

MURFREESBORO, N. C., Feb. 23. (AP)—A large number of leading peanut growers in northeastern North Carolina and Tidewater Virginia stood committed today to a campaign for drastic curtailment of the 1933 peanut crop as a means of boosting the present one-cent-per-pound price, the lowest in the history of the industry.

Growers meeting here yesterday decided to ask Georgia and Alabama producers to join the acreage reduction movement and also to send delegations to Washington to ask federal assistance. Edwin F. Gillette, of Suffolk, Va., and H. G. Winslow were appointed to select members of the delegation from their respective states.

ing included Miriam Greene, Betty Lester, Ethel Greene, Claude Alexander, Martha Tolbert, Donata Horne, Sarah Jane Holbrook, Frances Macey, Winnie Hellen Summerour, Frances Watson, Dorothy Campbell and Mrs. Campbell.

Hearts Are Good For Hearty Meals

BY FLORENCE La GANKE.

the heart slowly for about three hours. She added sliced carrots and onions toward the last of the cooking. The string was removed before sending the heart to the table.

Had she wanted to slice it she would have done so after parboiling, rolled each slice in a mixture of cracker or cereal crumbs, flour, salt and pepper. Then she would have melted four tablespoons drippings in a heavy frying pan, added four sliced onions, three cloves, one-quarter cup cut up celery, one-half carrot, kitchen bouquet or tabasco sauce and would have half covered it with liquid in which heart was parboiled. Then the mixture would have cooked slowly for three hours in a covered casserole in the oven.

FLA. SCHOOLS GIVEN LESS THAN LAST YEAR

THALLAHASSEE, Fla., Feb. 23. (AP)—Florida's public schools have received \$3,809,605.56 from the state during the first eight months of the current fiscal year as compared with \$5,219,650.54 during the same period in the 1931-32 year. Friendly Counsel BY CAROLINE CHATFIELD.

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

DEAR MISS CHATFIELD:

This letter is from the daughter-in-law of a jealous, meddling woman who is six feet tall and weighs over two hundred pounds. The home in which I live is presided over by her and a servant whom she has had for 40 years, and is financed largely by my husband. We eat in the kitchen with an old sheet for a tablecloth. My linen supply for my room consists of two sheets and two pillowcases. There are no curtains at the window. I have no underclothes but use my husband's old B. V. D.'s and pajamas. Friends and relatives give me the only clothes I have. I don't possess a pocketbook, but that is not important, for I haven't had anything to put in it for 12 years. My husband is tightly tied to his domineering mother's apron strings.

In this atmosphere I am forced to bring up a family of little girls. What chance have they to grow into decent, self-respecting women? What chance have I to teach them any of the niceties of life? We are not so poor as this narrative would indicate. Our money goes for things they do not profit from. Being utterly helpless, I have put my trust in God—but He seems to have forgotten me.

DESPERATE.

ANSWER: The day of miracles is past. God helps those that help themselves. Nothing but heroic measures will suffice to extricate a woman from this intolerable situation and surely no problem has ever been submitted to this column whose solution was fraught with more difficulties. It is hard for a wife and daughter-in-law to alter the by-laws of a close corporation consisting of a son and domineering mother. It is well-nigh impossible for an untrained, shabbily dressed middle-aged woman to find employment in these days when trained experts are looking for positions. Threats of separation made by a wife to a husband carry no weight when he knows that there is no home for his wife to go to and no means of support available to her and her children. The courts won't help a wife when she is getting beat and board for herself and her children at her husband's hands. Then, where can she turn?

If ever a wife could be excused for nagging her husband, this wife could be. If ever a wife was justified in buying what she needed and charging the bill to her husband, this wife would be. In fact, there is little she can do but give him a daily laruping with her tongue and demand from him her right to collect and to spend a part of his income. Spiritless submission to such outrageous injustice can accomplish nothing but the utter ruin of the wife's health and hopes. It will be better for her to batter her head against the stone wall of the husband's will and keep on battering until he shows signs of weakening than to permit the stone wall of his will to keep her and her children penned up in a prison that is fetid and foul.

Alabama Meets Sewanee in First Game of Tournament Today

Sparky Wade, Louisiana Thespian, Plays on Local Boards Today

Sparky Wade, the conference's leading scorer, is the Thespian of the hardwood floors, familiar with the 12 classical attitudes and a born entertainer.

He is at his best before a large and responsive audience. When the galleries are empty he misses the noise and the emotions which he is able to stir.

The best shot in the conference, who plays with L. S. U., was reared in the small city of Jena, La. The team three times went to the national high school tournament at Chicago and Wade was the sensation. He introduced legedmain to basketball.

The Louisiana sophomore is ambidextrous—really. He can put both hands behind him, holding a baseball, and throw the ball with either hand—letting you try to guess which. He throws equally well with either hand, baseball or basketball—which is admittedly an advantage.

He had the gallery in stitches the first time the Jena team went to Chicago. The Jena team had no two uniforms alike, the players were all burned black by playing under the hot Louisiana sun on an outdoor court, but they went to the finals.

Wade had one stunt that put them in the aisles. He would stick that right arm out—finger pointing in an accusing manner at the face of the man with the ball. The kids were all a bit dazed at the big gym and the big town. And when they gaped Sparky Wade's left would strike out and steal the ball.

He did it time after time. When he destroyed his right hand by that accusing, pointing finger, the kids forgot he had a left hand which knew what the right and was doing. He disobeyed the Biblical adjuration not to let the left hand know what the right hand doeth, but he got away with it.

The amazing thing is that he was not a shooter in his high school days until his last year. He was a great feeder of the ball, a magnificent floor man. But he let others shoot. And now the kid is the best shot in the conference and he knows more tricks than Huey Long, another well-known Louisiana celebrity. L. S. U. plays Auburn at 3:30 this afternoon. Don't miss the Louisiana Thespian.

THE BRIDESMAID.

The University of Kentucky basketball team, according to the word of a gentleman who travels and knows, will be even better in the 1934 tournament than they are for the 1933 jamboree, which gets started this afternoon.

It seems that three star basketball players in Indiana high schools, where the children grow up playing the game, decided to receive an education in Lexington, the heart of the Blue Grass country.

And, says this gentleman, the result is that the freshman basketball team of this year administers a beating to the present varsity whenever they feel so inclined.

If this keeps on Kentucky is sure to win a championship. It might be this year. One hesitates to select the Kentuckians. They are annually the best team at the start, but at the finish some other team has the title. This has led to the expression, regarding the Kentucky team, that they are often a bridesmaid, but never a bride.

But if the Kentucky team keeps getting better and better each year it follows inexorably or inevitably, that some day the Kentucky team will win the title. Immediately on learning that some Indiana basketball players had chosen to become educated at Kentucky, this reporter picked Kentucky to win in 1934. There is no telling about this year. But when the Indiana products get going you may pick Kentucky to win the 1934 basketball derby.

THE BASKETBALL PRICES.

Mr. Herman Jerome Stegeman, fully cognizant that a depression is on, has shown rare consideration for the public purposes in setting the prices for the basketball tournament.

"For the price of 50 cents one may sit downstairs in the afternoon and see all the games or view them from an upstairs vantage point for 25 cents," said Mr. Stegeman. "This is a rare price for the best basketball show in the south. In the evening one may see all the games for \$1 from a ringside seat or view them all for 50 cents from upstairs."

I hope that no one will attack Mr. Stegeman for this. When Mr. Tillinghast L'Hommiedue Huston, Cracker baseball director, hinted that times were a bit strenuous, or even truculent, some of the boys made witty sallies at the colonel and attempted to prove that things were glowing just like a glow worm. Mr. Stegeman has taken care of the basketball customers.

A WOMAN'S MIND.

When the lovely Miss Georgia Coleman passed through Atlanta en route to the coast, she said she was to sign a contract soon after arrival to appear in a vaudeville act with Mickey Riley.

An Associated Press photograph from Los Angeles, dated February 18, shows Miss Coleman, fountain pen in hand, in the act of signing the contract while Mickey Riley and A. N. Harvey, promoter, look on.

And in yesterday's Constitution there was a dispatch from Los Angeles in which Miss Coleman indignantly denies she intends to become a professional, has signed a contract, or that she has any intention of signing. She intends, she says, to defend her title.

When is a woman's mind made up anyhow?

MORE TAXES FOR RING FANS.

The effort to create a state commission to rule boxing in the state, with officers to be named to receive pay from taxes, is up again. It should be pointed out that such a commission is in disfavor in New York. It is illogical for states where only one or two cities have boxing or wrestling. Alabama's similar state law has already killed most of the ring sport there. The fans are taxed enough and there is no demand or need for the bill.

NO PLEASURE AT ALL.

She was limping a bit as she came down the street, resplendent in new finery. At a street crossing, while waiting for the light to change, she said to her friend, "You know I'm not having half the fun out of my new things I thought I would."

One of the most painful things in the world is to be far from home with one's dogs encased in a new pair of shoes which burn and pinch.

FAMOUS LAST WORDS.

What is this technocracy, anyhow?

PETREL PITCHER TO GET TRIAL WITH CRACKERS

Charley Mitchell Recommended by Anderson. Kleinhaus Good.

By Jimmy Jones.

The wheels of baseball machinery revolved very slowly indeed out at the Atlanta Crackers' offices yesterday, so slowly that scarcely any movement was noted at all, saving the vigorous bustling about of Uncle Wilbert Robinson, who finished the addressing letters containing rare kernels of advice and occasional hints of ultimatum to nine or ten obstinate ball players who have been sparring with the club on the question of salary.

"I believe that these letters will bring some results and maybe when the fellows have finished reading them, some of them will see things in the right light and sign up," Uncle Robby announced while cooling his heels on a window ledge and looking out over the busy artery that is Ponce de Leon avenue.

The only local developments of consequence yesterday were the receipt of infielder Rudy Lasowski's signed contract and the verbal application of Charley Mitchell, star right-handed pitcher of Oglethorpe University's 1932 team for a trial with the Crackers. Mitchell, who finished college last spring, stated that he won 15 games in a fast semi-pro league last summer and asked Moore for a chance to show his wares at Mobile.

TO GET TRIAL.

Charley asked the ex-Petrel ace to drop by the ball park Saturday for a once-over and that he would let him know then if he could take him on. Mitchell was recommended highly by his coach, Frank Anderson, who is famous for the discovery of college players. Anderson made an effort to get Larry Gilbert, of New Orleans, to give him a trial last spring.

Lasowski, the Polish youngster who was quite a sensation as Knoxville's shortstop for the first half of last season, made the eighth player coming to terms. If the boy can hit anywhere near the clip he set with the Smokies for six weeks last spring, he may be a valuable addition to the Cracker rookie list. He can play either short or third and has a long range out at the ball. It will be recalled that he parked a couple of drives for home runs in the Cracker park last year.

Everyone thought that Colonel Bob Allen, the ex-Knoxville owner, had succeeded in peddling the 19-year-old youngster to Washington last summer but something happened to the deal. Meanwhile, young Rudy, who had been making his debut in pro ball, found his average dwindling when hot weather came along and the pitcher started bending them with sharper twists. The result was that the lad who had been hailed as the league's boy prodigy, along with Cecil Travis at Chicago, was given his release. Charley Moore hopes to make an improved ball player of him this season.

KLEINHANS GOOD.

Robinson and Moore said yesterday that they had received some pleasing reports on Pitcher Ted Kleinhaus, left-hander acquired from the Greensboro Patriots of the Piedmont League. Kleinhaus was recommended to Robinson at the minor league meeting by Branch Riskey, chief of the Cardinals' minor league system, as a pitcher who might help solve the Cracker's pitching problem. Kleinhaus won 21 and lost 8 with the Patriots, while striking out 226 men. Atlanta negotiated the deal through the Greensboro club and not the Cardinals, however.

Quite a few visitors dropped in at the Crackers' office yesterday, including several ball players. Bob Hasty, who was recommended by Robinson to sign a contract, came in from Marietta to renew acquaintances with Robby. They met first several years ago in Florida, when Hasty was with the Athletics.

Meanwhile, all hands are waiting patiently for the reaction to the latest series of letters mailed out by the Cracker office. Trouble is seen in assimilating the squad for the opening practice unless things pick up. Among the most serious of the holdouts, it develops, is Catcher Eddie Phillips, purchased from the Yankees. Phillips, used to the opulence of the Yankee system, may balk flatly at the wage offered down here. He is expected to be prodded with the same reasoning tactics as those being used on Bonowitz, Dashiell, Rollings and a few other recalcitrants.

Robby and Engel Confer Today.

A conference between Wilbert Robinson, president of the Atlanta Crackers, and Joe Engel, Chattanooga dealer, apparently regarding Joe Bonowitz and Wally Dashiell, the two players who are holding out, is scheduled to take place in Chattanooga today, it was learned last night.

A dispatch from Chattanooga last night stated that Engel did not know the purpose of the conference, saying that he had received word from Robinson that he was driving over today to see him. It is assumed that the visit will deal with the players bought from Chattanooga, neither of which Atlanta has been able to sign. Chattanooga officials deny that they have a clause in the deal for either Bonowitz or Dashiell whereby they would be returned to the Lookouts if they refused to accept terms here.

Kleinhaus Fanned 226 in Piedmont.

GREENSBORO, N. C., Feb. 23.—(AP)—Theodore (Ted) Kleinhaus, southpaw pitcher sold by the Greensboro Patriots to the Atlanta Crackers, should make the Crackers a good man. Pitching for the Patriots last year, Kleinhaus took part in 33 games, winning 21 and losing 8. He set a national strikeout record for a southpaw, fanning 226 men. He was a member of the "southpaw twins," Ostermuller and Kleinhaus, who played a big part in winning the Piedmont title for the Patriots. Ostermuller won 21 games and lost 9. Kleinhaus could have gone to a higher league with the Cardinals, but was discouraged by the Cardinals' tactics of shifting him around.

His record for the season shows 33 games, 21 won, 8 lost, for an average of .724, pitching a total of 255 innings. He possesses a good fast ball and excellent curve. He also employs a good change of pace.

HENS' CAMP.

TOLEDO, Ohio, Feb. 23.—(AP)—Business Manager Rube Betchel, of the Toledo American Association baseball club, announced tonight that Morristown, Tenn., has been selected as the spring training camp site for the Mud Hens. Manager Steve O'Neill and his staff will leave for camp March 11.

BRITISH DRIVER ENDS ATTEMPTS FOR THIS YEAR

Injured Wrist, Bad Beach Are Reasons; To Return in 1934.

By Ted Gill.

DAYTONA BEACH, Fla., Feb. 23.—(AP)—Abandoning plans for further land speed trials this year, Sir Malcolm Campbell tonight prepared to return to England shortly with the expectation of coming back next winter in an effort to boost his three newly established world automobile records.

Decision of the 48-year-old driver to return home without making any more record attempts was motivated by a serious arm injury and the fact that the beach speedway is in none too good condition.

The injury to Campbell's arm occurred 10 days ago as he was testing out his Bluebird racing car on the beach. While traveling at a fast clip, the gear shift lever on the machine sprang out of position and cracked him a hard blow just above the wrist.

During his epochal race yesterday, in which he set a new record of 272 miles an hour over a mile route, Campbell was forced to drive virtually the entire distance over a rough beach with only one hand.

While changing gears during the trials, the driver sprained his injured arm again and last night he found it necessary to summon a physician. The doctor said the arm and hand were in bad shape, today he advised Campbell not to race again until it healed, as there was danger of a permanent injury if he did.

Accepting the advice, Campbell immediately announced he would abandon plans for making trials to establish new standing trial records for one kilometer and one mile. His present records, all made from a flying start, are for one kilometer, one mile, five kilometers, five miles and 10 kilometers.

The Britisher said he expects to ship his car north tomorrow or Saturday and that he would leave Monday or Tuesday for Toronto, Canada, where he has accepted an invitation to make a short address before the Empire Club there. Returning immediately to New York, he plans to sail for England March 3.

Campbell said his car, which will be shipped on the same steamer that will carry him home, would be placed on exhibition at a race track at Brooklands, Easter Monday, and afterward it probably would be on display for another special trial here early next year.

The Britisher today received an invitation to visit Governor Dave Sholtz at Tallahassee before he leaves for England, but said he was undecided whether he would have time to make the trip to the state capital. In his invitation, Governor Sholtz said he desired to present Campbell with a trophy as a public expression of Florida's pride in the driver's achievement.

While making preparations for his return to England, Campbell said that although he was pleased with the record he established here over a hump of beach and with the visibility poor, he was confident he could attain a much higher speed in his car under favorable conditions or other, he was not used regularly by either Rogers Hornsby or Charley Grimm, the men who jointly needed the Cubs to a pennant and World Series. This inactivity was due to "Howling Dan" Howley, as the manager of the Reds, and believes he is going to like the change of scenery, although it sends him from the ranks of a championship club to one which finished on the bottom.

A last division club, however, has never diminished Smith's effectiveness. He languished for years with the Boston Braves, a most innocuous outfit during the period, and pitched so brilliantly that William Wrigley Jr., late owner of the Cubs, bought him when he started rebuilding the Chicago team two years ago. Bob won 16 games his first year with the Cubs, but last season, for some reason or other, he was not used regularly by either Rogers Hornsby or Charley Grimm, the men who jointly needed the Cubs to a pennant and World Series. Bob Smith Optimistic Over Chance With Reds

Figures He Will Get Much Work With Cincinnati; Leaves on Wednesday.

Bob Smith, the popular Atlanta who has served with distinction as pitcher for two National league teams, the Boston Braves and Chicago Cubs, is looking forward to serving his third—the Cincinnati Reds—with a great deal of anticipation.

Bob has just signed his contract to pitch for Donie Bush, successor to "Howling Dan" Howley, as the manager of the Reds, and believes he is going to like the change of scenery, although it sends him from the ranks of a championship club to one which finished on the bottom.

Smith thinks he is capable of winning as many games as almost any right-hander in the National league. He didn't have much of a chance last year at Chicago with Lon Warneke, Guy Bush, Charley Root and Pat Malone going at such a good clip. Smith was used largely as a relief hurler and consequently spent much time in the bullpen pen. A shoulder injury also handicapped him.

"I want to get back to the status of a starting pitcher and then I believe I will regain my old form," Bob related in the course of a conversation last night. He had just returned from a brief trip to spring training camp at Tampa, Fla. Smith, who keeps a brace of fine hunting dogs and dearly loves the big outdoors, revealed that he had done more hunting this winter than ever before.

His most thrilling experience as a nimrod took place up in Manitoba before Christmas, where he went on a moose hunting trip with Kiki Cuyler, star outfielder of the Cubs. While Bob didn't bag any moose himself, he needed Herman's punch in the outfield and Smith was used as trading partner. But Bob is an optimist. He doesn't think the Reds will remain in their present position very long, especially if Chick Hafey, Lombardi, Jim Bottomley and some of the other boys start clouting the ball early this spring.

Smith recalled the incident when he picked up a copy of the paper that told of Cuyler's exploit.

His Team Meets Georgia

Here is Murray Cleveland, captain and star guard of the Tulane Greenies, who furnish opposition for Georgia's Bulldogs tonight at 8 o'clock. While Tulane's record is not as good as other contestants, the Wave has shown flashes of real form on the court, playing a brace of close games with the Bulldogs early in the season at New Orleans.

WILDCATS, TIDE TWIN FAVORITES TO WIN HONORS

L. S. U. Five Rates Third in Pre-Tournament Gossip.

By Dillon Graham.

Associated Press Sports Writer. Kentucky and Alabama, highest ranking teams during the regular season, stand out as twin favorites to win the Southeastern conference basketball tournament, starting here today.

Most of the critics favor Kentucky, but a large number are supporters of Alabama. While Louisiana State rates third in the pre-tournament gossip.

Alabama opens the big meet, the first championship event of the newly formed athletic group, at 2:30, central standard time, this afternoon against Sewanee in the huge city auditorium here, where game tournaments have been held for more than a decade.

Louisiana State plays Auburn at 4:00, while Kentucky winds up the afternoon program against the University of Mississippi at 4:30 o'clock. Georgia Tech tackles Tennessee in the final night contest. Mississippi State, Florida and Vanderbilt have first round byes and do not go into action until Saturday.

Most experts figure Kentucky the strongest contender, but feel the Wildcats, with a tough road ahead in the lower bracket, may not survive three hard games. If successful, they may have the stamina to battle through the usual rough and tiring final engagement.

It is generally agreed the lower half of the draw—Kentucky's half—has more formidable teams than are found in the top group. L. S. U., Auburn, Georgia Tech, Tennessee, Florida, Mississippi, and Kentucky are in this body. The other bracket finds Alabama, Sewanee, Mississippi State, Georgia, Tulane and Vanderbilt.

Alabama has been figured as one of the finalists on account of the comparatively easy route it must travel to the title round. The Crimson should have little trouble with Sewanee in the opening game. Alabama already has beaten Mississippi State twice and should take the Starkville outfit again. In the semi-finals Alabama would face Georgia, Tulane or Vanderbilt, and would be favored over any of these teams.

Kentucky apparently will not be able to loaf through any of its earlier rounds, as it will have to meet the Wildcats on its toes and Florida may give them plenty of trouble. After two stiff games Kentucky then would face Louisiana State, Auburn or Georgia Tech or Tennessee in the semi-finals, and the Lexington quintet more than likely will have to keep the pressure on all the way to win from any of these.

Should Alabama and Kentucky meet in the finals, as the experts have forecast, Alabama likely will be the fresher team. Kentucky will have been playing during the regular season and if its players are tired Alabama may push through to the title.

Several teams were here today, Mississippi State, Alabama, Louisiana State and Georgia Tech among them, and worked out on various courts about town.

Miss Fishwick, lone survivor of the British forces, won from Mrs. Robert Mazet, of New York, 3 and 2. The English girl was off a poor start and trailed to the fifth where she evened the count. She went one up on the seventh with a swell chip shot, and held that lead at the turn. On the back nine she won the ropes in succession and came in with a 38, one under par for the nine.

After playing two long wooden shots to within 10 yards of the green, Mrs. Stewart Hanley, of Detroit, turned in a 77 and defeated Gwen Hartropp, 5 and 4. The Detroit star was five up at the turn. Her score was par.

JACKETS FACE VOLS TONIGHT AT 9 O'CLOCK

Georgia Will Play Tulane at 8 O'Clock at Auditorium.

By Ralph McGill.

They will open up the basketball hoop chest down at the city auditorium this afternoon at 2:30 o'clock in the first annual Southeastern conference basketball tournament when the Sewanee five meets the Alabama team in the opening game.

Ten teams will get into action today. The booming of the big pine floor will hardly cease from noon to midnight.

Vanderbilt, Mississippi State and Florida drew byes and will not be seen until Saturday. It is the biggest basketball show in the south—played on a brand new, gleaming floor of hard pine, put down especially for the tournament—pushing up the floor higher than so far the gallery and the dress circle are close enough to read the minds of those who run.

The show is bigger and better—the prices smaller. When the pistol shoots to end the Alabama-Sewanee encounter, L. S. U., from Baton Rouge, will be seen out there to do or die with Auburn.

LANIER STOPS PURPLES, 45-32, AT SAVANNAH

Savannah Bows in Open-er to Gordon; Smithies Face Monroe.

SAVANNAH, Ga., Feb. 23.—(AP)—Battling until the last minute, Savannah High School, defending champions in the G. I. A. A. tournament, went down before Gordon Institute's tall youngsters, 40 to 45, here tonight.

In earlier games, Lanier defeated Boys' High, 45-32; Tech High outclassed G. M. A., 45-26, and Monroe Aggies squelched Benedictine 54-34 after the Cadets had put up a brilliant first-half battle.

Tech High's rangy players seemed to be the most impressive outfit in the tournament, and as a result of their play today they are even stronger favorites to win the title than they were before the tournament opened.

In the semi-finals tomorrow night, Lanier plays Gordon Institute at 8 o'clock, and Tech High tackles Monroe A. & M. at 9 o'clock.

TENTH DISTRICT TOURNAMENT OPENS

MONROE, Ga., Feb. 23.—The tenth district high school tournament opened here Thursday night with Bogart defeating Harlem 25 to 21, at Denton hall before some 400 enthusiastic rooters. Each team proved brilliant at times when through skillful passing fast forwards moved under the baskets for sure shots.

The outstanding player for Bogart was Massey, who scored 13 points, and W. Smith, versatile guard. For Harlem, Wells was chief star.

Carnesville High swamped Warren-ton in the second game, 39 to 19, the first half being close. Carnesville holding a slight lead all the way. At the opening of the second half Carnesville completely overpowered their fast-weakening opponents. Carnesville received every tip-off of the game and quickly worked down to the basket.

Bogart encounters Athens High Friday night in the semi-finals, while Hartwell meets Carnesville on the local court.

NEW STADIUM.

San Antonio is to get a municipal stadium as a result of the depression. Unemployed workmen will be given jobs by the central relief committee, shaping a rock quarry into a bowl to seat 30,000.

Tarheel Pin Stars Bowl Here

The championship team that won the interfraternity duckpin championship at the University of North Carolina last week, will journey to Atlanta for a special match with local bowlers Saturday at 8 o'clock.

A picked team of local men will compose the lineup that will face the invaders. George W. McKay, ranking duckpin bowler of the south and one of the best in the country; Paul Etheridge Jr., one of the highest average men in the city and a member of the fast City Duckpin league; Walter Lawson, one of the most skillful bowlers in the city; A. P. "Andy" McElroy, whose hook ball has improved his average eight points above last season's mark, and John S. Bliek will be the five men in the roster of the Atlanta picked team.

The match Saturday is the outgrowth of a challenge issued by the North Carolinians for a match in Atlanta.

Corbett Is Sought For McLarnin Go

SAN FRANCISCO, Feb. 23.—(AP)—Young Corbett, new welterweight champion who won the title from Jackie Fields here yesterday, has received an offer to defend the crown against Jimmy McLarnin in Los Angeles.

Wad Wadams, matchmaker for the Olympic auditorium in the south California city, made a bid today for the fight. Wadams proposed July 4 as a suitable date.

Corbett's manager, Larry White, said the Fresno southpaw planned to rest for a couple of weeks, after which he would begin considering offers.

OLD CONFERENCE TOURNAMENT TODAY

RALEIGH, N. C., Feb. 23.—(AP)—Eight teams tapered off their training and got set here tonight for the three days' campaigning which will lead one of them to the Southern conference basketball championship next Monday.

The big battle opens tomorrow with four games. The winners will scrap Saturday and after a rest over Sunday the two remaining teams will fight it out Monday night for the championship.

Here's the lineup for the opening day's play:

3 P. M.—North Carolina vs. Virginia Polytechnic Institute.

4:30 P. M.—North Carolina State vs. Washington & Lee.

8 P. M.—Duke vs. Virginia.

9:30 P. M.—South Carolina vs. Maryland.

Governor J. C. B. Ehringhaus will attend the opening game of the tournament and will welcome the visiting players and coaches to Raleigh. Others who will take part in the preliminary ceremonies are Mayor George Isely, President E. C. Brooks, of North Carolina State College; Graham Andrews, president of the Raleigh Chamber of Commerce, and C. P. Miles, of V. P. I., president of the Southern conference.

North Carolina, North Carolina State, Duke and South Carolina were seeded in the tournament and are favored to win their first round games.

South Carolina, undefeated in the conference, has been installed as a heavy favorite to win the championship.

Virginia, ranked as a strong dark horse, was the first out-of-state entry to arrive today. The Cavaliers came in by automobile and took a workout this afternoon. They are coached by Gus Tebell, who led North Carolina State to a conference championship in 1929. South Carolina came in soon after the Cavaliers and the other contenders from the Old Dominion arrived later.

Along with the opening games will begin a battle of individuals for places on the All-Southern conference team, selected by a vote of coaches and officials.

Power Club Holds Combination Show

The regular monthly wrestling and boxing card sponsored by the Athletic and Social Club of the Georgia Power Company, will be presented tonight in the club auditorium, located at 36 Piedmont avenue, at 8 o'clock.

On the main event of the wrestling card Ted Radcliff meets Oscar Williamson. Radcliff, who has not lost a match in over two years, is one of the leading middleweight grapplers of this section. They are scheduled for a 45-minute, best two out of three falls affair.

Billy Wilson, hard-hitting welterweight of Atlanta, headlines the boxing part of the card when he meets Young Ketchell, in a six-rounder. Bruce Dean meets Tiny Oxford in the opening four-round match.

Ben Jordan meets Paul Bern, a newcomer here, in a 30-minute, one-fall match. Dave Terrell, Texas cowboy, meets Greek George in the opening 15-minute, one-fall match.

Music will begin at 7:30 o'clock by the Georgia Power Company band. Members and their families will be admitted free on the presentation of their card. Non-members will be admitted anywhere in the auditorium for \$1.

LOS ANGELES, Feb. 23.—(AP)—Charlie Grimm brought the first contingent of the Chicago Cubs, National league champions, to Avalon, Santa Catalina island, today, for their annual spring baseball chores.

The Giants came, too, on the same special train, and immediately set to work at Wrigley field, Los Angeles.

Grimm, the Cubs' manager, was doubled up with lumbago—an annual ailment, he said.

"We're going to be pretty good," Grimm grinned, "but so is every one else. There has been a lot of strengthening all along the line and we've done a lot on our own. Yes, I think we'll repeat."

Bill Terry, manager of the Giants, did not arrive on the special train, but came on from the south later in the day. He met his team at Wrigley field in the afternoon along with several of the players who have been wintering in southern California.

Each of the contenders brought good-sized advance squads. The Cubs had 15 players and the Giants 14, some of whom were picked up en route from Chicago. The remainder of the two squads will enroll March 2.

Frankie Frisch Barks at Terms.

ST. LOUIS, Feb. 23.—(AP)—Frankie Frisch, captain and key man of the St. Louis Cardinals infield, told the Post-Dispatch today by telephone from his New Rochelle (N. Y.) home that he would not accept a contract agreement were remote.

Frisch, who received \$18,500 in 1932, said the club had asked him to accept a cut of more than 50 per cent.

Four More Reds Sign Contracts.

CINCINNATI, Ohio, Feb. 23.—(UP)—Four more members of the Cincinnati Reds entered the fold today, making a total of 16 players out of 29 signed.

Signed contracts were received from Pitchers Walter Hilcher and John Ogden and Outfielder Wally Roettger. Pitcher Silas Johnson came here today and signed his document, before leaving for Florida on a fishing trip.

Those still unsigned are Pitchers Larry Benton, John Fonger, Frank Henry, Ray Kulp and Red Lucas; Infielders Clarence Blair, Jim Bottomley, George Grantham, Joe Morrissey and Jimmy Shevlin, and Outfielders Elmer Dyer, Taylor Douthett and Irving Plummer.

Jablonowski Sends Signed Papers.

TERRELL, Conn., Feb. 23.—(AP)—Pete Jablonowski, who will seek a berth on the pitching staff of the New York Yankees this year, returned his signed contract to that team tonight and is now preparing to leave with the first squad of Yanks for their training camp at St. Petersburg, Fla., March 1.

Jablonowski won 11 and lost one game for the Newark International league champions last season after being sent to that team by the Boston Red Sox.

Tigers Release Two Youngsters.

DETROIT, Feb. 23.—(AP)—The Detroit Tigers today announced the release of two young players. Bill Lawrence, outfielder, was sent to Toronto of the International league, and Truett Sewel, righthanded pitcher, to Seattle of the Pacific Coast league. Both were released subject to recall.

Kentucky on 'Spot' in Tourney Here

By William A. Phelps,

Lexington Correspondent.

The elusive championship of the newly-formed Southeastern conference again loomed before the undefeated Kentucky Wildcats like a mirage of the desert as they arrived here early last night eagerly awaiting the gong that will send them into action against Ole Miss, their first-round opponents, Friday afternoon at 4:30 in the city auditorium. The Wildcats, 10 strong, pulled into Atlanta aboard a special Louisville & Nashville pullman. They were accompanied by Coach Adolph Rupp, and four newspapermen. Players that made the trip: Captain "Azie" Sale, Yate, Johnson, Darby, Davis, Kreuter, DeMoisey, Lawrence, Tucker and Settle.

This year's meeting between Kentucky and Ole Miss marks the second time they have opposed each other in the Atlanta tourney. In their first engagement in 1928, Mississippi defeated the Cats by the score of 44 to 23, and then went on to win the crown.

The Kentuckians, who have an impressive record of 17 wins and 3 losses in 20 starts during the current season will again enter this year's tourney as odds-on favorites with an equal chance they will encounter the same fate that has occurred to all good teams sent here in recent years from the Blue Grass section of "Ole Kentucky."

In the writer's opinion they will

also enter tournament play this year with everything to lose and practically nothing to gain, inasmuch as they have withstood every challenge that the Southeastern conference has had to offer and in doing so found it necessary to dethrone two leaders, Vanderbilt and Alabama, thereby ending their season with a total of eight victories and no defeats.

As far as their first round game against the University of Mississippi is concerned, the blue-clad cagers should not have a great deal of

Tone of the Markets

NEW YORK. Feb. 23.—(P)—Unsettled to recover their spirits over the holiday, financial markets were mostly lower today.

Continued selling of United States government bonds, weakness of other high-grade securities in the bond list and moderate reactions by a number of commodities accompanied a general let-down in stock prices.

For several days, including Santa Fe, New York Central and Union Pacific, losses amounted to 2 points or more. Elsewhere, American Telephone, United Aircraft, American International Rayon and Auburn...

The federal reserve system's open market operations were largely without effect to bills in the week ended Wednesday. Purchases of this paper exchange of \$25,000,000 in the government securities portfolio; the latter now stands at \$200,000,000, while the bank's total gold reserves were reduced by \$82,000,000, under the new stock market.

The currency circulation increase amounted to \$124,000,000 against a rise of \$149,000,000 in the previous week, so that the comparison was favorable even though the figures indicated that the monetary requirements for extraordinary needs were still substantial. Discounts of member banks were up \$41,000,000.

Reporting New York city member banks sold \$70,000,000 of government securities, a reduction from \$108,000,000; the net shrinkage was entirely in the "all other" category.

Foreign Markets

LONDON.—Cheerfulness was maintained on the stock exchange with gold mining leading, followed by improvement in industrial shares. Transatlantic cables and gold-mining securities also showed upward movement. Argentinean rails were easy on dividend news. The closing was strong.

PARIS.—The bourse showed slight improvement on purchases of gold mining securities and on the Parisian stock exchange. The closing was strong.

BERLIN.—Prices opened cheerful on the bourse but closed listlessly.

Sugar, Coffee, Rice

NEW YORK, Feb. 23.—Raw sugar continued firm, and prices advanced 3 points to the basis of 2.50 for 100, a high for 1933.

At this level refiners would have to operate at a loss of 10 cents per hundred pounds for March and April, and an operator at 15 cents per hundred pounds.

The market closed 5 to 8 points net high for the month, and 10 to 15 points net high for the year.

Realizing checked the market, but final prices were at only a point below the 1932 level. Approximate sales were 100 tons, March closed 8.50, May 8.50, July 8.50, September 8.50, December 8.50.

NEW YORK, Feb. 23.—Coffee was irregular, with near-months sales under contract. A bid for 100 tons of 100 lbs. was made at 1.10, but no sale.

NEW YORK, Feb. 23.—(P)—After today's earlier trading, cotton futures and spot prices were higher than the previous day.

Steady selling attributed to Wall Street's general market weakness and the progress of cotton relief legislation indicated by overnight reports from Washington, and the early advance in silver, were considered factors on the advance, which carried making up gains of about 7 to 13 points on the cotton futures.

The market weakened during the afternoon and March broke to 5.87 1/2, and July to 6.11, making net declines of about 8 to 11 points, but closing quotations were 2 to 3 points up from the previous day.

Very little southern selling was reported here today, and the market was quiet, with a few scattered orders in the market. Russian cotton in the spot market, 5.57 1/2 to 5.58 1/2, and March, 5.57 1/2 to 5.58 1/2, were considered factors on the advance, which carried making up gains of about 7 to 13 points on the cotton futures.

The Electric Bond and Share issue were under particular pressure, the common dropping 3 points, then recovering a fraction. The 6 per cent preferred closed off 4 1-4. Consolidated Gas of Baltimore reacted 2 3-4, then recovered to close unchanged. Directors recently ordered the regular dividend on this issue.

In the oils, Standard and Indian closed a shade higher, and Gulf lost only 1-4 of a point.

In industrials, Aluminum Company lost 3 1-2, and Deere 1. Trading in this division was quieter than elsewhere, but declines prevailed. Nevertheless, Mapes Consolidated gained a point, and New York Shipbuilding a small fraction, in light trading.

CLOSING HOURS

Want ads are accepted up to 9 p. m. for publication the next day. The closing hour for the Sunday edition is 4:30 p. m., Saturday.

CLASSIFIED RATES

Daily and Sunday rates per line for consecutive insertions:

One line..... 10 cents
Three lines..... 17 cents
Seven lines..... 31 cents
Minimum, 3 lines (12 words).

In estimating the space of an ad figure its average words as a line.

Ads ordered for three or seven days and stopped before expiration will only be charged for the number of times the ad appeared and adjustments made at the rate earned.

Errors in advertisements should be reported immediately. The Constitution will not be responsible for more than one incorrect insertion.

All want ads are restricted to their proper classification and the Constitution reserves the right to revise or reject any advertisement.

Ads ordered by telephone are accepted from persons listed in the telephone or city directory on memorandum charge only. In return for this courtesy the advertiser is expected to remit promptly.

TARZAN THE UNTAMED No. 215

The British plane piloted by Lieutenant Roger Cecil rose above the jungle wilderness and sped east. Olga, the Red spy, sat behind the man who loved her. Each was wrapped in his own thoughts. It seemed strange to her that she should feel any regret at leaving behind such hideous perils.

Yet she realized she did regret leaving that unique figure—Tarzan—who had entered her life, and for whom she felt an unaccountable attraction. Before her sat an English officer who loved her; they were flying to safety, yet she dared feel regret in his company at leaving the stamping ground of a wild beast!

Was it because she was haunted by the secret she dared not tell Roger? Lieutenant Cecil, on his part, was happy in possession of his beloved spy; he was flying swiftly in the direction of his comrades and his duty and with him was the woman he loved. But now as he thought he could not forget the accusation Tarzan had made against this woman.

The ape-man had said she was a Red and a spy. So from blissful heights the English officer was occasionally plunged to the depths of despair in thinking of the consequences if Tarzan's charges proved true. But suddenly all such thoughts were rudely thrust from his mind by a startling and unexpected emergency!

Cross Sections of Life In Gate City of South

Homer Pudget, under life sentence as one of three men convicted of the murder of Mr. and Mrs. W. H. Browning at a Valdosta filling station, Thursday was denied a rehearing in the state supreme court. His co-defendants have been granted new trials.

Lon A. Coggins, of a Walton street address, was named in a federal warrant Thursday taken out by postal inspectors charging him with burglary of the Ben Hill postoffice in January. Coggins is being held by city police and a writ of habeas corpus was filed in his behalf in city court early Thursday. J. D. Buckner, another suspect, was arrested several weeks ago.

Phil Etheridge, an attorney, and son of Paul S. Etheridge of the county board of commissioners, is rapidly recovering from a severe attack of influenza, it was learned Thursday.

Dr. James B. Woods Jr., for several years the head of an American mission hospital in Chingking, China, is visiting his brother, W. S. Woods, of Brighton road. Dr. Woods returned for London in March and proceeded from there to China in the summer.

Adjutant General Lindley W. Camp, of Georgia, has been elected as a member of Camp John B. Gordon, Sons of Confederate Veterans, and has accepted the invitation to join the organization, according to Martine L. Harnsine, camp commander.

Rev. W. T. McElveen, pastor of the Congregational Christian church, will preach on "Judges Today" at 11 o'clock Sunday morning. Sunday afternoon the Rev. McElveen will address a forum meeting at Griffin.

Lieutenant Commissioner Alexander M. Damon, head of the Salvation Army in the south, will speak to the students of Emory University at 10 o'clock this morning in Glenn Memorial church.

Children and adult departments of the Atlanta School of Oratory and Expression will give a program of readings, declamations, stories and speeches at 402 Wesley Memorial church at 11 o'clock Saturday morning. James F. Watson, head of the school, will give a lecture on "Literary Interpretation."

Gate City Lodge, No. 144, B'nai B'rith, will hold its regular luncheon at noon today in Rich's tea room.

Plans for the annual meeting in Savannah of the Georgia Forestry Association April 28, 29, and May 1, were made Thursday at a meeting of the executive committee with Dr. Charles Hertig, of the pulpit and paper laboratory, and E. George Butler, of

Warning

Don't be misled by false statements. Calomel, salts, mineral waters, oils, laxative pills and drugs have no effect whatever on the liver or its production of bile. The truth of this statement can be proved by consulting the authoritative medical textbooks published during the past five years.

There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargol Soft Mass Pills contain both of these substances, and no other advertised medicine on the American market today does contain them.—(adv.)

ALAN A. CARMEN GIVEN 5-DAY WEEK

800 Employees Affected.
Jobs of 130 Assured by Innovation.

Approximately 800 employees of the street and railway department of the Georgia Power Company will go on a five-day a week basis here Sunday to effect a more even distribution of work and pay.

For some time street car and bus operators have been taking a week off each ninth week and were left with only a few days' pay when weekly "off days" came at the same time.

Charles H. Strong, assistant to the vice president of the power company, said the new plan would provide a more even arrangement of the time off and a regular income.

Strong said the company had no intention of laying off any of their employees, but that the five-day week probably would prevent any such action "if conditions did not change in the future."

McBryer later said that he had not been advised of any action on the part of the power company to reduce the number of employees, but that the union members felt that the adoption of the five-day week would forestall any attempt to reduce the number.
